TOPICS COVERED

- ± Introduction to Artificial Intelligence
- ± AI Development Frameworks
- ± Machine Learning Algorithms
- ± AI Programming Languages
- ± AI Deployment Platforms
- ± AI Development Tools and IDEs
- ± AI Ethics and Responsible AI Tools

PROGRAM OUTCOMES

- 1.Participants gain a deeper understanding of the diverse range of AI tools available for development, deployment, and integration, including frameworks, libraries, platforms, and IDEs
- 2.Attendees learn best practices for selecting, implementing, and utilizing AI tools effectively in their projects, including considerations for scalability, performance, and maintainability
- 3.Participants acquire practical skills in using AI tools, such as data preprocessing, model development, training, evaluation, deployment, and monitoring, through live

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

Objectives

1. Implement practices and technologies to achieve net-zero carbon emissions.
2. Design projects to preserve and enhance local biodiversity.
3. Embrace a circular economy model, emphasizing the recycling and reuse of resources.

Resource persons

Mrs. T PAVANI

Eligibility

UG STUDENTS

OUTCOME

1. Projects result in a measurable positive contribution to local and regional ecosystems.
2. Achieve carbon neutrality or even carbon negativity through effective emission reduction and offsetting strategies.
3. Adoption of circular economy principles leads to closed-loop systems for resource use.

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers. Conducting high quality research, developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life. Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

Introduction:

Objectives:

The Objectives of Animatronic Hand are to learn about Animatronic Hand to be familiarized with universal electronics communication concepts like expectation, thinking to be familiarized with general electronics concepts like components & functions to be familiarized with general coding techniques and object-oriented techniques.

Outcomes:

Develop essential electronic skills in electronics communication concepts like IC's, transistors. Apply the basics of electronics in the Animatronic Hand. Solve executing tasks related to circuits execution, circuit execution tasks related to the fundamental notions and techniques used in object-oriented techniques.

The above information is true to the best of my knowledge. I agree to abide by the rules and regulations governing the course. If selected, I shall attend the course for the entire duration. I also undertake the responsibility to inform the coordinator in case I am unable to attend the course.

Place:

Date:

Signature of the applicant

Objective of the seminar:

✓ To increase awareness and understanding of green computing concepts, including the environmental impact of computing technologies and the importance of adopting sustainable practices

✓ To inform participants about the latest advancements in green computing technologies, such as energy-efficient hardware, software optimization techniques, virtualization, and cloud computing solutions.

Eligibility:

Faculty and students from AICTE approved Engineering colleges

Scheduled date:

Last date for receipt of application : 04/02/2021

Intimation of selection by email : 6-02-2021

Confirmation by participants : 08-02-2021

ABOUT US:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

Chairman

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

Secretary

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive. In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.
