ERP DOCUMENT

Enterprise Resource planning (ERP) has to be utilized by the institution for a smooth and better functioning with a centralized and integrated system. The institution has to manage the data of the stakeholders (student,staff,parents) and also the issues related to administration,accounts,examination,library and transport by utilizing the ERP software.

ERP unifies many functional areas of the institution that have many sub functions associated which are related to stakeholders. Based on the organizational grading, rights are assigned to exercise and execute day to day activities. With the centralized database of the ERP system the data will be retrieved more easily and precisely and the data thus extracted can be utilized to prepare and analyze the report. As long as the vendor provides assistance to the software and maintenance, the ERP will be an excellent tool to manage the activities of the institute.

The institution purchased automation package (LOTUS) from lotus solutions in the year 2021. This software fulfills all the requirements of our institution which includes academic and administrative activities of undergraduate and post graduate programs with transparency.

The features of LOTUS software are listed below:

1. Internet or intranet enabled application.
2. User levels with access rights for data security.
3. Program/batch/category student fee due reports.
4. Fee/attendance reminders and progress reports.
5. Attendance and marks analysis.
6. Accounts.

Screen shot of login screen

The main modules which are used by the institution are as follows:

1. Academics
2. Administration
3. Admission
4. Account
5. Examination
6. Transport

The above main modules contain sub modules that are being used for better governance, the LOTUS consists of several levels of authentication which are listed below.

S. No	Function	Description
1.	Staff details	To view the complete bio data of the staff in one screen and photo linking
2.	Staff pay roll	To view the pay scale of faculty and number of loss of pay
3.	Leave faculty	To view the list of faculty who have not attend the college on the selected date.
4.	Student profile	To view complete data of selected student in one single screen.
5.	Student register	to generate register containing day wise attendance
6.	Attendance report	To view day wise, monthly attendance reports.
7.	Certificates	To issue study, conduct certificate and transfer certificate in standard format to student to track certificates issued to students
8.	Marks entry	To enter marks of the students.

1. Academics

2. Administration :

S. No	Function	Description
1.	Backup	To have the backup of database
2.	Branch sections	To create branches for various sources
3.	College details	To enter college details, these details will be showing all the reports
4.	Departments	To create departments. These departments offer courses.
5.	Holidays	To set holidays during academic year
6.	Payment transactions	To add bank names, so that they appear in bank drop down I receipts/payment screens
7.	Seat types	To enter convener and management quota seats under direct and lateral entry, categories for courses
8.	Student bio - ID	To assign numbers to students. These numbers will be assigned to students while enrolling fingerprints in fingerprint devices to capture attendance

3. Admission

S. No	Function	Description
1.	Admission	To enter students information and photo linkage
2.	Admission register	To generate admission register in standard format after admissions are over
3.	Certificates	To generate student study, Conduct, TC.
4.	Sections	To view total number of students basing on the course he/she opted for
5.	Detained students	To view or enter details of detained students

4. Correspondence :

S. No	Function	Description
1.	Groups and Members	To create groups and add members to them for sending common SMS
2.	Parent Addresses	To view addresses of parents of students of selected course and print them
3.	Parents Correspondence	To view Correspond with parents of selected students through Phone or SMS
4.	SMS	To send Attendance, marks, Fee Due SMS to parents and students. To send SMS to Staff, students and Parents.
5.	Delivery Report	To view undelivered SMS log report on a selected day

5. Examination:

S. No	Function	Description
1.	Dues list	To view list of students who are yet to pay examination fees
2.	Create exam	To view and Print exam details
3.	Exam schedule	To view and circulate the exam schedules obtained from the ANU portal
4.	Hall tickets	To issue hall tickets to students for mid examinations
5.	Marks entry	To enter marks

6. Accounts:

S. No	Function	Description
1.	Fee Due report	To view the fee dues of students
2.	Expenses reports	to view head wise expenditure transactions
3.	Day book	To view financial transactions recorded during the selected day

7. Transport:

S. No	Function	Description
1.	Route	To view the different routes for which buses are available
2.	Stages	To view where the stages are available in different routes.
3.	Buses	To view how many buses available

Select Class: BE 3rd Mechanical

Subjects to be Assign

Subject

- Design And Drawing Of Steel Structures
- Water Resource Engineering
- Biomechanical Engineering
- Road Safety Engineering
- Estimation Drawing And Contracts
- Remote Sensing & GIS Lab
- Civil Engineering Practice
- Skill advancement course
- Mandatory course (AICTE) (Employability Skills)
- Industrial
- Ground Water Hydrology Wells and Pumps

Subjects already Assigned

Subject

- Renewable Energy Sources
- Thermal Engineering-II
- Design of Machine Members-I
- Machining Machine Tools & Metrology
- Basic Technology
- Machine Tools Lab
- Thermal Engineering Lab
- Advanced Communication Skills Lab
- Professional Ethics and Human Values
- Evaluation of Summer Internship which is completed at the end of B.Tech II Semester
- COMMUNITY SERVICE PROJECT
