- Development and application of quality benchmarks for various academic and administrative activities of the institution.
- Facilitate creation of a learner – centric environment conducive to quality education and faculty maturation to adopt the required knowledge and technology for participating and learning process.
- Organizing inter and intra institutional workshops and seminars on quality related themes and promotion of quality circles.
- Maintain a copy of the records and file all the activities conducted across all the departments of the Institute.
- Preparation of Annual Quality Assurance Report (AQR).

#### Roles and Responsibilities

- To improve quality in the functioning of academic, administrative, and auxiliary areas.
- To develop a system for conscious, consistent and catalytic improvement in the performance of the institution.
- To discharge the responsibility of fostering quality culture in the institution.

#### Objectives

An Internal Quality Assurance Cell (IQAC) is formulated with a major purpose to maintain long-term quality standards across all the sections of the Institute. It is a significant administrative body that is responsible for all quality matters. The prime task of the IQAC is to develop a system for conscious, consistent and catalytic improvement in the performance of the Institute and to channelize the efforts and establish measures in the institution towards academic excellence. Documentation and collection of feedbacks from students, parents and other stakeholders on quality-related institutional processes are also one among the many functionalities of the IQAC.
