CIRCULAR

To,
The principal,
AMRN,
Narasaraopet,

Respected Sir,

Sub: Approval to conduct Seminar on Challenges in NIRF for affiliated institutes organized by IQAC at AMRN –Req-Reg.

Following the recommendations of our esteemed Secretary & Correspondent Smt. Atluri Santhi Srinivasa Reddy garu, we propose to organize a seminar for all faculty members of our institute to improve their Quality initiatives.

To conduct this seminar, our institute needs to follow the expenditure norms specified by them. Therefore, please support us and grant approval for the expenditure to hold this seminar from 17-10-2022 to 18-10-2022.

Thanking You Sir

Yours faithfully,

Internal Quality Assurance Cell (IQAC)

Report on

A Two Day Seminar on Challenges in NIRF for affiliated institutes

A Two day seminar program was organized by IQAC at A.M.REDDY MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY, Narasaraopet on 17-10-2022 to 18-10-2022.

The Title of the Program is "Navigating Challenges in NIRF for Affiliated Institutions". The primary objective of this program is to address the challenges associated with the National Institutional Ranking Framework (NIRF) for affiliated institutions. The scope of the program encompasses the ranking of institutions based on five overarching parameters: i) Teaching, Learning, and Resources, ii) Research and Professional Practice, iii) Graduation Outcome, iv) Outreach and Inclusivity, and v) Perception. The program aims to impart knowledge and training specifically focused on NIRF criteria.

In contrast to global ranking systems that heavily rely on perception and internationalization factors, the India Rankings, under NIRF, places significant emphasis on the collection, verification, and utilization of reliable data. This approach is particularly pertinent in the context of India's extensive higher education system, where a data-driven ranking system offers a more objective assessment. Unlike rankings heavily influenced by perception data alone, which can be susceptible to manipulation and may be misleading, NIRF strives to maintain a more accurate and credible evaluation.

Undoubtedly, the collection, verification, and authentication of data from a multitude of institutions pose formidable challenges. Nevertheless, the program aims to equip affiliated institutions with the necessary skills and strategies to effectively navigate these challenges and contribute to the objective and transparent evaluation process facilitated by NIRF.

Program Team: Dr.D.Anand Babu (AGE HOD), P.Surya Ganesh (Assoc.Prof ECE),
K.Krishna Reddy (Assoc.Prof EEE)

Resource Person: Dr.K.Kumar Swamy (Prof. CIVIL) VVIT College

Chief Patron: Dr.K.N.V.R.Kumar (Principal)

Coordinator: K.Sreekar Chand

Number of Participants: 34

About the program:

Radical reforms are imperative for the enhancement of Indian Higher Education. Emphasizing heightened transparency standards, bolstering the vocational and doctoral education pathways, and professionalizing the sector via reinforced institutional responsibility are key measures to realign efforts toward excellence. In pursuit of this objective, the Ministry of Human Resource Development (MHRD) has undertaken an initiative to establish a ranking agency dedicated to quality assessment.

The National Institutional Ranking Framework (NIRF) was inaugurated on September 29, 2015, by the Ministry of Human Resource Development (MHRD) with the aim of ranking Higher Educational Institutions in the country. This ranking is established on objective and verifiable criteria, fostering competitive excellence among higher educational institutions. To facilitate participating institutions (those accredited/affiliated with the AICTE/UGC), a web-based platform has been established. Institutions are invited to register on this platform for active participation.

Rankings serve as a catalyst for competition among universities, motivating them to strive for excellence. The significance of rankings is underscored by their connection to the "Institutions of Eminence" scheme, where the performance of institutions plays a pivotal role. Eligibility for the eminence tag is granted exclusively to Higher Educational Institutions currently positioned in the top 500 of Global Rankings or the top 50 of the National Institutional Ranking Framework (NIRF). Institutions adorned with the eminence tag enjoy greater autonomy, exempt from reporting to the University Grants Commission (UGC). This autonomy extends to the admission of foreign students, recruitment of faculty from abroad, and the flexibility to structure courses and fees. These privileges position them to ascend the ranks and compete as top global institutions. Additionally, private Institutions of Eminence have the opportunity to emerge as green field ventures, contingent upon the sponsoring organization presenting a compelling 15-year perspective plan.

TECHNICAL SESSION-I

The technical session titled "NIRF Quality Parameters Technical Session I" commenced following the inaugural session. This segment focused on the preliminary work associated with the National Institutional Ranking Framework (NIRF) and the development of internal organizational systems in Higher Education Institutions (HEIs), specifically addressing NIRF quality parameters. The key resource person for this session was Prof. B. Rajasekhar, Pro-Chancellor of the University of Hyderabad. Prof. Rajasekhar delved into the significance and methodology of NIRF, shedding light on gaps in preparatory work and the challenges encountered by colleges and universities in gathering and organizing data. He highlighted the absence of dedicated wings within institutions for the preparation of documents and data for

rankings. Additionally, he noted reluctance among many colleges and universities to upload their details on websites. Emphasizing the importance of consistent and updated data, he stressed that it is the primary responsibility of institutions to maintain their websites. Furthermore, Prof. Rajasekhar mentioned that in the future, ranking agencies will directly extract data rather than requiring submissions. During the session, he provided insights into achieving higher scores in the "perceptions" sub-component, expressing concern that many institutions in the southern region are currently facing challenges in this regard.

Encourage all faculty members engaged in research paper publications to submit their papers to open-access platforms such as Research Gate and Google Scholar. This initiative will fortify the institution's presence in the research domain. Additionally, organizing international conferences and seminars, and inviting distinguished individuals from both the national and international spheres, will raise the institution's profile among stakeholders nationwide. This proactive approach contributes significantly to achieving a favorable ranking under the "perceptions" category.

TECHNICAL SESSION- II :

Following the lunch break, Technical Session-II on the Ranking Process and Data Uploading commenced. Professor K. SubbaRao from NITTTR, Kolkata, served as the key resource person. Prof. SubbaRao provided a detailed explanation of the parameters and functions employed in the NIRF ranking. He further elucidated the methodology for calculating these functions based on the data specific to each participating college. Throughout the session, Prof. SubbaRao actively engaged with all participants, addressing queries and providing clarifications.

Numerous participants shared their challenges and experiences encountered during the data uploading process for NIRF. They also provided valuable feedback on the workshop. The session included the clarification of doubts expressed by participants regarding the completion of various forms. In order to enhance user support for the ranking process, APSICHE developed a user-friendly app. This application allows participants to seek online assistance, with queries promptly addressed by esteemed resource persons. This real-time support ensures quick and effective resolution of any concerns or uncertainties.

CIRCULAR

To,
The principal,
AMRN,
Narasaraopet,

Respected Sir,

Sub: Approval to conduct Awareness program on NAAC proceedings organized by IQAC at AMRN –Req-Reg.

Following the recommendations of our esteemed Secretary & Correspondent Smt. Atluri Santhi Srinivasa Reddy garu, we propose to organize a seminar for all faculty members of our institute to improve their Quality initiatives.

To conduct this seminar, our institute needs to follow the expenditure norms specified by them. Therefore, please support us and grant approval for the expenditure to hold this seminar from 22-04-2023 to 23-04-2023.

Thanking You Sir

Yours faithfully

Report on

A Two Day Awareness program on NAAC proceedings

A Two day Awareness program was organized by the IQAC at **A.M.REDDY MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY**, Narasaraopet on 22-04-2023 to 23-04-2023

The title of the program is “**NAAC proceedings**”. This program is designed to impart training and knowledge on the National Assessment and Accreditation Council (NAAC). The primary goal of NAAC accreditation is to foster and acknowledge excellence in technical education within colleges and universities, spanning both undergraduate and postgraduate levels.

Program Team: V.V.Brahma Chari (Assoc.Prof CSE), Sk.Meravali (Asst.Prof MECH),
Sk.Mahaboob Subhani (Asst.Prof CIVIL)

Resource person: Dr.N.Gopal Krishna (Assoc.prof CSE) Tirumala College

Chief Patron: Dr.K.N.V.R.Kumar

Coordinator: K.Sreekar Chand

Number of Participants: 42

About the program:

The National Assessment and Accreditation Council (NAAC) has revitalized its Assessment and Accreditation (A&A) process, aligning it with the evolving landscape of higher education at local, regional, and global levels. The updated A&A process, effective from July 2017, places a strong emphasis on refining and fortifying the revision features of accreditation. The objective is to ensure transparency, scalability, and ICT-enablement in the accreditation processes.

The Revised Accreditation Framework is now fully online, incorporating both qualitative metrics evaluated by Peer Teams and quantitative metrics validated by third-party entities. NAAC has strategically diversified its A&A process to reflect the distinctive characteristics of various disciplines in higher education, infusing professionalism into accreditation manuals.

In addition to general manuals for Universities, Autonomous Colleges, and Affiliated Colleges, NAAC has developed separate manuals and Quality Improvement Frameworks (QIFS) tailored for Teacher Education, Sanskrit Universities, Medical and Health Sciences, Open and Distance Education, and Dual Mode Universities. Recognizing the need to familiarize Higher Education

Institutions (HEIs) with the current methodology, NAAC has been actively conducting awareness programs. As part of this initiative, an Awareness Programme for Teacher Education Institutions has been successfully organized.

A Six-Day Awareness Program on NAAC Proceedings and Accreditation Framework (RAF) was collaboratively organized by Mizoram University and the Department of Higher & Technical Education. During the technical sessions, Dr. Sujata, P. Shanbhag, Deputy Adviser at NAAC, provided an overview of the NAAC Online Accreditation and Assessment Process. Additionally, Dr. S. Srikanta Swamy, Academic Consultant at NAAC, elucidated the manual for Teacher Education Institutions and guided participants on the accreditation preparation process.

During the afternoon session, participants were grouped into five teams, each focusing on distinct criteria. They collaboratively examined the metrics outlined in their assigned criteria documents and discussed the data necessary for each metric. Following this, each group presented their observations and feedback, initiating an open discussion that concluded with final remarks.

Technical Session – I

The presenter, Professor Podili Appa Rao, addressed the "Relevance of Assessment and Accreditation." Throughout his dynamic presentation, he highlighted crucial points for institutions to emphasize. These key points can be summarized as follows.

- The NAAC framework for assessment and accreditation stands out globally, being unique compared to frameworks in other countries. The assessment is grounded in global good practices and norms.
- Quality assurance is imperative, and hence, embracing quality assessment is to be acknowledged as a rewarding and constructive challenge.
- NAAC is established to assist institutions in achieving quality assurance and confronting challenges.
- Students, the primary stakeholders, should not miss out on maximum benefits simply because college authorities hesitate to face the challenge of NAAC assessment. It denies students the opportunity to explore various universities and institutions for further studies within and outside the country.
- Relevance and the necessity of SWOT analysis and robust documentation underscore the need for empowering IQAC.

Technical Session – II

The presenter, Professor Podili Appa Rao, delivered a presentation titled "An Overview of the Revised Accreditation Framework" with a well-organized and structured PowerPoint

presentation. He emphasized the modifications introduced in the revised assessment and accreditation framework, highlighting key points as follows:

- Significance of adhering strictly to timelines
- Importance of reviewing pertinent documents.
- Regular visits to the NAAC website, dashboard, and Standard Operating Procedure
- Emphasis on careful preparation of the SSR, as once submitted, it cannot be edited.
- Inclusion of optional metrics.
- Timeline for addressing DVV queries.
- Given the introduction of the Students Satisfaction Survey in the revised framework, attention should be given to providing details and raising awareness among students

Panel Discussion & Interaction Session:

At the discussion and interaction sessions participants from various colleges raised their questions and sought clarification on issues relating to logistic fee, Peer team visit, IIQA submission and others. Since most of the procedures and proceedings are based on ICT enabled, therefore, NAAC may consider upon the practical problem faced by the institution so that solution may also be worked out.

Schedule of Activities:

Day and Date: 22-04-2023 to 23-04-2023

Venue: offline mode

Objectives of Program:

- Understanding NAAC Framework
- Importance of Accreditation
- Criteria and Parameters
- Criteria and Parameters
- Quality Improvement Strategies
- Post-Awareness Support
