Respected Sir,

Sub: Request approval for A Two Weeks Certification Program on "LEVELLING & TOTAL STATION"-Reg,

The department of CIVIL Engineering is planning to conduct A Two Weeks Certification Program on "LEVELLING & TOTAL STATION" on 02/07/2018 to 14/07/2018. The benefit of the students is for Enhancing their knowledge. The resource person for the Certification Program is Dr.N.R.M.Reddy ,Professor,Department of Civil Engineering, Sai Tirumala Engineering College . we request you to accord approval and grant the required amount for the smooth conduction of the Certification program.

Thanking you sir

Approved.

### A Two Weeks Certification Programme on "Levelling & Total Station"

#### DAY WISE SCHEDULE

S.NO	DAY	TOPIC
1	02-07-2018	<b>Day -1: <u>Levelling Introduction</u></b> Definition of levelling, types of levelling instruments, methods of levelling.
2	03-07-2018	<b>Day-2: <u>Levelling Procedure</u></b> List the component parts of dumpy level & their functions, setting up, temporary adjustments of dumpy level.
3	04-07-2018	<b>Day-3: <u>Errors in levelling</u></b> List the errors eliminated in reciprocal leveling, difference in elevation true error between two points, calculate true difference in elevation and collimation error in reciprocal levelling.
4	05-07-2018	<b>Day-4: <u>permanent Adjustments</u></b> Explain permanent adjustment of a dumpy levelling [ Two peg method].
5	06-07-2018	<b>Day-5: <u>Levelling field survey</u></b> Determination of elevation of various points with dumpy level by collimation plane method and rise and fall method.
6	07-07-2018	<b>Day-6: <u>Contour</u></b> Define contour ,contour interval and horizontal equivalent, different methods of contouring and interpolation of contours.
7	09-07-2018	<b>Day-7:<u>Introduction To Total Station</u></b> Demonstration of Total Station GPS outcomes
8	10-07-2018	<b>Day-8:<u>About instrument</u></b> Setting up instrument, general adjustments, centering, levelling, focusing lens.
9	11-07-2018	<b>Day-9: <u>Field record set settings</u></b> Control panel, field recording settings, back sight setting, foresight setting
10	12-07-2018	<b>Day-10: <u>Site Marking And Layouts</u></b> Area calculation & volume calculation
11	13-07-2018	<b>Day-11: <u>Traversing</u></b> Road survey layout, topographical survey
12	14-07-2018	<b>Day-12 :<u>Data Recording</u></b> Revision, doubts clarification, conclusion and closing of programme, certificates distribution

## ABOUT THE COLLEGE

A.M.Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

## ABOUT THE DEPARTMENT

Civil Engineering is rightly considered the most versatile amongst all engineering branches. It is the branch with a lot of diversity right from Surveying, Geo-technology to Structural Engineering, Environmental Sciences to Hydraulics, and Transportation to Hydrology.

The department's vision is to give an exposure to budding civil technocrats to various challenges in the profession having a highly qualified and experienced faculty with excellent academic record. There is a wonder combination of academic excellence and industrial experience amongst the faculty, which is instrumental in imparting the right blend of theoretical and practical knowledge to the students.

### ABOUT THE PROGRAMME:

The aim Levelling is to find the elevations of points on the earth's surface for topographic maps and a total station can measure angles and distances electronically and process trigonometrically to give us, at a minimum, position coordinates in space.

It is provide an accurate understanding of any property, boundaries, and vegetation, making land surveying the backbone of real estate, engineering, and other disciplines

### PROGRAM REPORT

Name of the Event : Levelling & Total station  
Organized by : Department Of CE  
Dates : 02-07-2018 to 14-07-2018  
Number of days : 12  
Venue : Seminar Hall & college ground  
Resource Person : Dr.N.R.M.Reddy  
Number of participants : 53  
Topics covered :  
1. Levelling Introduction  
2. Levelling Procedure  
3. Errors in leveling  
4. Permanent Adjustments  
5. Levelling field survey  
6. Contour  
7. Introduction to Total Station  
8. About instrument  
9. Field record set settings  
10. Site Marking and Layouts  
11. Traversing  
12. Data Recording  
Program Outcomes : Outline the basic components of a Total Station.  
• Carry out temporary adjustments of a Total Station.  
• Compute and adjust a Total Station traverse.  
• Compute coordinates for traversing.  
• The nature of errors affecting the traverse work.

**Subject: Request approval to conduct "A 30 HOURS CERTIFICATE PROGRAM ON JAVAPROGRAMMING" -Reg,**

Respected Sir,

The Department of Computer Science and Engineering is planning to conduct "A 30 HOURS CERTIFICATE PROGRAM ON JAVA PROGRAMMING" to III & IV B.Tech students on 18-07-2018 to 31-07-2018 that benefits the students for the Enhancing their knowledge. The Resource person is Mr. A Madhava Reddy, Assistant professor, Dept of CSE. we request you to accord approval and grant the required amount for the smooth conduction of this Program.

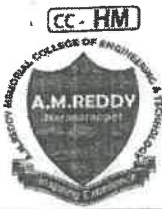

Thanking you sir

— Yours Sincerely,

Mr. N. Anjaneyulu

## CIRCULAR

It is hereby informed to all the III, IV B. Tech students of Computer Science & Engineering that “A 30 HOURS CERTIFICATE PROGRAM ON JAVA PROGRAMMING” is going to be conducted from 18-07-2018 to 31-07-2018 in Seminar hall and Main Laboratory in our campus. So all the students should attend this program. Students can enroll their names with the Head of the Department on or before 16-07-2018 without fail. The details are available in brochure.

- Resource Person : Mr. A Madhava Reddy, Assistant professor, Dept of CSE
- Event coordinator : Mr. N. Anjaneyulu, Assistant Professor, Dept of CSE
- Schedule : 18-07-2018 to 31-07-2018

Sl.NO	Day	Topic
1	18-07-2018	<b>Day -1. Java Fundamentals</b> Java installation , java features,,variables, data types, and simple programs that are written as sequence structures.
2	19-07-2018	<b>Day-2. Objects and Input/Output</b> Primitive type variables, reference variables, and objects, strings and input/output for java
3	20-07-2018	<b>Day-3. Decision Structures</b> Decisions-making and branching statements ,programs to conditionally execute particular blocks of code.
4	21-07-2018	<b>Day-4. Loops</b> Loops introduction, types of loops , sample programs
5	23-07-2018	<b>Day-5. Methods</b> A method in Java is a block of statements that has a name and can be executed by calling it. Sample programs
6	24-07-2018	<b>Day-6. Introducing Classes</b> A class is the basic building block of an object-oriented language such as Java. Sample programs
7	25-07-2018	<b>Day-7. Arrays and the ArrayList Class</b> This tutorial covers Arrays object and class ArrayList — which implements a dynamically resizable array-like data structure
8	26-07-2018	<b>Day-8. A Closer Look at Classes and Methods</b> This session covers static methods and fields, interaction between objects, passing objects as arguments, and returning objects from methods are discussed.
9	27-07-2018	<b>Day-9. Inheritance and Polymorphism</b> This session covers Inheritance is a mechanism that enables one class to inherit all the behavior and attributes of another class.
10	28-07-2018	<b>Day-10. File Input and Output</b> This session covers data is saved in-a file on computer disk, it will remain there after the program stops running. Simple operations for reading and writing text files.
11	30-07-2018	<b>Day-11. Exception Handling</b> This session covers explanation of various aspects of Java exception handling including exception hierarchies, checked and unchecked exceptions etc

### About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

### About the Department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

#### ABOUT THE PROGRAM:

The learning objectives of this course are: To identify Java language components and how they work together in applications To learn the fundamentals of object-oriented programming in Java, including defining classes, invoking methods, using class libraries. To learn how to extend Java classes with inheritance and dynamic binding and how to use exception handling in Java applications To understand how to design applications with threads in Java To understand how to use Java APIs for program development.

#### Program Outcomes

By the end of the program the student will be able to realize the concept of object oriented programming & java programming constructs.

#### PROGRAM CONTENTS

- ❖ Java fundamental
- ❖ Objects and input/output
- ❖ Decision structures
- ❖ Loops
- ❖ Methods
- ❖ Introducing classes
- ❖ Arrays and array list class
- ❖ A closer look at classes and method
- ❖ Inheritance and polymorphism
- ❖ File input and output
- ❖ Exception handling

### QUESTION PAPER

Student Name : .....K. Asuna.....

Training Venue : Seminar hall & Main lab Date : 31-07-2018

1. Who invented Java Programming? [ A ] X  
a) Guido van Rossum b) James Gosling c) Dennis Ritchie d) Bjarne Stroustrup
  
2. Which statement is true about Java? [ D ] ✓  
a) Java is a sequence-dependent programming language  
b) Java is a code dependent programming language  
c) Java is a platform-dependent programming language  
d) Java is a platform-independent programming language
  
3. Which component is used to compile, debug and execute the java programs? [ C ] X  
a) JRE b) JIT c) JDK d) JVM
  
4. Which environment variable is used to set the java path? [ B ] ✓  
a) MAVEN\_Path b) JavaPATH c) JAVA d) JAVA\_HOME
  
5. Which of the following is not an OOPS concept in Java? © [ A ] X  
a) Polymorphism b) Inheritance c) Compilation d) Encapsulation
  
6. What is not the use of "this" keyword in Java? (b) [ A ] ✓  
a) Referring to the instance variable when a local variable has the same name ✓  
b) Passing itself to the method of the same class  
c) Passing itself to another method  
d) Calling another constructor in constructor chaining
  
7. What is Truncation in Java? (b) [ B ] ✓  
a) Floating-point value assigned to a Floating type  
b) Floating-point value assigned to an integer type

*Principal*

- c) Integer value assigned to floating type
- d) Integer value assigned to floating type

8. Which exception is thrown when java is out of memory? (b) [ B ] ✓
- a) MemoryError
  - b) OutOfMemoryError
  - c) MemoryOutOfBoundsExcption
  - d) MemoryFullExcption

9. What will be the output of the following Java code?c [ D ] ✗

```
1. class Output
2. {
3.     public static void main(String args[])
4.     {
5.         Integer i = new Integer(257);
6.         byte x = i.byteValue();
7.         System.out.print(x);
8.     }
9. }
```

- a) 257
- b) 256
- c) 1
- d) 0

10. Which of the following is a superclass of every class in Java? c [ C ] ✓
- a) ArrayList
  - b) Abstract class
  - c) Object class
  - d) String

11. Which of these packages contains the exception Stack Overflow in Java? [ A ] ✓
- a) java.io
  - b) java.system
  - c) java.lang
  - d) java.util

12. Which of these keywords are used for the block to be examined for exceptions?[ C ] ✓
- a) check
  - b) throw
  - c) catch
  - d) try

13. Which class provides system independent server side implementation? [ D ] ✓
- a) Server
  - b) ServerReader
  - c) Socket
  - d) ServerSocket

14. Which of this keyword can be used in a subclass to call the constructor of superclass? [ A ] ✓
- a) super
  - b) this
  - c) extent
  - d) extends

15. What is the process of defining a method in a subclass having same name & type signature as a method in its superclass? [ B ] ✓

- a) Method overloading
- b) Method overriding
- c) Method hiding
- d) None

16. Which of these is correct way of calling a constructor having no parameters, of superclass A by subclass B? [ D ] ✓

- a) super(void);
- b) superclass.();
- c) super.A();
- d) super();

17. What is true about private constructor?

[ A ] ✓

- a) Private constructor ensures only one instance of a class exist at any point of time
- b) Private constructor ensures multiple instances of a class exist at any point of time
- c) Private constructor eases the instantiation of a class
- d) Private constructor allows creating objects in other classes

18. What is true about Class.getInstance()?

[ D ] ✓

- a) Class.getInstance calls the constructor
- b) Class.getInstance is same as new operator
- c) Class.getInstance needs to have matching constructor
- d) Class.getInstance creates object if class does not have any constructor

19. A class member declared protected becomes a member of subclass of which type? [ C ] ✓

- a) public member
- b) private member
- c) protected member
- d) static member

20. Which of these is correct way of inheriting class A by class B?

[ A ] ✓

- a) class B + class A {}
- b) class B inherits class A {}
- c) class B extends A {}
- d) class B extends class A {}

## ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

## ABOUT THE DEPARTMENT

The Department of Mechanical Engineering (ME) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ME find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in Mechanical Engineering branch.

The objective of our department is to develop students for immediate employment and strong foundation that prepares them for leadership roles along with diverse career paths.

## ABOUT THE PROGRAMME:

Ansys offers a comprehensive software suite that spans the entire range of physics, providing access to virtually any field of engineering simulation that a design process requires. Organizations around the world trust Ansys to deliver the best value for their engineering simulation software investment. Ansys Mechanical enables you to solve complex structural engineering problems and make better, faster design decisions. With the finite element analysis (FEA) solvers available in the suite, you can customize and automate solutions for your structural mechanics problems and parameterize them to analyze multiple design scenarios. Ansys Mechanical is a dynamic tool that has a complete range of analysis tools.

#### ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

#### ABOUT THE DEPARTMENT

The Department of Agricultural Engineering in AM Reddy Memorial College of Engineering and Technology is one of the courses offered by the college. It is a four-year full-time undergraduate program recognized by the All India Council for Technical Education (AICTE) and offered by the Jawaharlal Nehru Technological University, Kakinada. The department aims to provide quality education and training in the field of agricultural engineering, which involves the application of engineering principles and techniques to improve the productivity and sustainability of agricultural systems. The department has well-equipped laboratories, workshops, and farms to facilitate practical learning and research. The department also organizes seminars, workshops, field visits, and industrial training for the students to enhance their skills and exposure.

Introduction:

**Objectives:**

- To identify and how they work together in applications
- To learn the fundamentals of PCB design process
- This course will teach teams of students how to design and fabricate PCB for prototyping as well as in Industrial Production environment.
- This will help students to innovate faster with electronics technology

**Outcomes:**

- Encryption and authentication of boot images.
- Hardened crypto accelerators for use by the user application.
- Secure methods of storing cryptographic keys
- Secure boot.
- Tamper monitoring and response.
- Secure key storage and management. Cryptographic hardware acceleration.

## ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

## ABOUT THE DEPARTMENT

Civil Engineering is rightly considered the most versatile amongst all engineering branches. It is the branch with a lot of diversity right from Surveying, Geo-technology to Structural Engineering, Environmental Sciences to Hydraulics, and Transportation to Hydrology.

The department's vision is to give an exposure to budding civil technocrats to various challenges in the profession having a highly qualified and experienced faculty with excellent academic record. There is a wonderful combination of academic excellence and industrial experience amongst the faculty, which is instrumental in imparting the right blend of theoretical and practical knowledge to the students.

### PROGRAM REPORT

Name of the Event : Certificate program on "AUTO CAD 2D& 3D"

Organized by : Department Of CE

Dates : 04-02-2019 to 09-02-2019

Number of days : 06

Venue : Seminar Hall

Resource Person : K. Sreekarchand

Number of participants : 47

Topics covered : 1. Introduction to interface, layers & units.  
2. Selection tools.  
3. Some common commands 2d&3d.  
4. Some more useful tools.  
5. Realistic visualizations.

Program Outcomes : After successfully completing the course, student will able to:

- Describe auto cad commands.
- Draw some auto cad drawing reseedling.
- Draw municipal and working drainage layout.
- Auto cad 3D enables the creation of detailed realistic three dimensional models providing a more immersive and visually accurate representation of designs.

Feedback : Good

## ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

## ABOUT THE DEPARTMENT

The Department of Mechanical Engineering (ME) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ME find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in Mechanical Engineering branch. The objective of our department is to develop students for immediate employment and strong foundation that prepares them for leadership roles along with diverse career paths

## ABOUT THE PROGRAMME:

## ABOUT THE PROGRAMME:

AutoCAD is computer-aided design (CAD) software that is used for precise 2D and 3D drafting, design, and modeling with solids, surfaces, mesh objects, documentation features, and more. All CAD systems use basic geometric entities to construct design. The construction used in technical design are based upon 2-dimensional planar geometry. The method and number of operations are required to accomplish the instructions are different from one system to another. In order to become an expert in Auto-CAD, we must learn to create geometric entities quickly and accurately. Auto-CAD provides various several different mechanisms or a tool with the help of which different drawings can be made easily and can be viewed properly. That is why, designers or architect engineers mostly used it. It gives the facility with which we can enter the commands through the command-prompt or selecting them from pull-down menu or from the tool-bar. Most commands are either execute immediately after it has been involved or prompt from further information.

#### ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivari-palem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

#### ABOUT THE DEPARTMENT

The Department of Agricultural Engineering in AM Reddy Memorial College of Engineering and Technology is one of the courses offered by the college. It is a four-year full-time undergraduate program recognized by the All India Council for Technical Education (AICTE) and offered by the Jawaharlal Nehru Technological University, Kakinada. The department aims to provide quality education and training in the field of agricultural engineering, which involves the application of engineering principles and techniques to improve the productivity and sustainability of agricultural systems. The department has well-equipped laboratories, workshops, and farms to facilitate practical learning and research. The department also organizes seminars, workshops, field visits, and industrial training for the students to enhance their skills and exposure.

## ABOUT THE PROGRAMME:

The aim of this program is to empower participants with a comprehensive understanding of the principles, technologies, and practices essential for efficient and sustainable agricultural machinery management. Through a balanced blend of theoretical instruction, hands-on workshops, and real-world case studies, the program seeks to equip participants with the knowledge and practical skills required to make informed decisions in the selection, operation, and optimization of agricultural machinery. By the end of the program, students will be well-prepared to enhance farm productivity, minimize environmental impact, and contribute to the overall success of modern, technology-driven farming practices.

## PROGRAMME CONTENTS

- Introduction to Agricultural Machinery Management
- Types and Selection Criteria for Agricultural Machinery
- Maintenance and Safety Practices
- Precision Agriculture Technologies
- Machinery Economics and Budgeting
- Hands-on Workshop: Basic Operation Skills
- Advanced Machinery Optimization
- Telematics and Remote Monitoring
- Sustainable Practices in Agricultural Machinery

## PROGRAM REPORT

Date: 18/03/2019

Name of the event : A Two-Week Certification Program on Agricultural Machinery Management

Organized by : Department of agricultural engineering

Dates : 4/3/2019 to 16/3/2019

Number of days : 12

Venue : Lecture hall

Resource person : Dr.D. Anand Babu, Asst. professor

Number of participants: 40

Topics covered : Tractors and Implements

- Harvesting Machinery
- Safety Precautions
- Machinery Operation Principles
- Role of Mechanization in Agriculture
- Hands-on Equipment Demonstration
- GPS Technology
- Eco-Friendly Farming Practices
- Identifying and Diagnosing Issues
- Introduction to Robotics

Program outcome :

By the end of the program students will learn Proficiency in operating and managing diverse agricultural machinery for enhanced farm productivity.

- Development of strong safety awareness to minimize accidents and injuries on agricultural worksites.
- Application of knowledge to improve farming efficiency through machinery selection and maintenance.
