CHAIRMAN

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

SECRETARY

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions

AM REDDY JOURNAL COLLEGE OF ENGINEERING & TECHNOLOGY
PETLURIVARI PALEM
Narasaraopet (Hd), Guntur, D

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers.

Conducting high quality research, developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life. Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

Introduction:

OBJECTIVES:

- To acquire knowledge of XHTML, Java Script and XML to develop web applications
- Ability to develop dynamic web content using Java Servlets and JSP
- To understand JDBC connections and Java Mail API
- To understand the design and development process of a complete web application

OUTCOMES:

- Students will be able to develop static web sites using XHTML and Java Scripts
- To implement XML and XSLT for web applications
- Develop Dynamic web content using Java Servlets and JSP
- To develop JDBC connections and implement a complete Dynamic web application

Course content:

HTML Basic, Elements, HTML Attributes, HTML Headings, HTML Paragraphs, HTML Styles, HTML Colors, HTML CSS, HTML Links, HTML Images, HTML Tables, HTML Lists, HTML Block & Inline, HTML Div, HTML Iframes.

Resource persons:

O.SRINIVAS, Professor, Dept of CSE, RVR & JC COLLEGE OF ENGINEERING

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at students hostel on demand.

Registration fee: Free

Scheduled date:

Last date for receipt of application : 06-09-2022

Intimation of selection by email : 08-09-2022

Confirmation by participants : 16-09-2022

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in **Computer Science and Engineering** and **Cyber Security** branches.

: WEB TECHNOLOGIES

ORGANIZED BY

: Department Of CSE

DATES

: 12-08-2022 to 13-08-2022

NUMBER OF DAYS

: 02

VENUE

: Seminar Hall, A.M.REDDY MEMORIAL COLLEGE OF
ENGINEERING AND TECHNOLOGY

RESOURCE PERSON

: O.SRINIVAS, Professor, Dept of CSE,
RVR&JC COLLEGE OF ENGINEERING

NUMBER OF PARTICIPANTS

: 53

TOPICS COVERED

:

- HTML Basic
- HTML Elements
- HTML Attributes
- HTML Headings
- HTML Paragraphs
- HTML Styles
- HTML Colors
- HTML CSS
- HTML Links
- HTML Images
- HTML Tables
- HTML Lists
- HTML Block & Inline
- HTML Div
- HTML Iframes

PROGRAM OUTCOMES

:

- Students will be able to develop static web sites using XHTML and Java Scripts
- To implement XML and XSLT for web applications

FEEDBACK

: Good

Objective of the seminar:

- ✓ provide participants with insights into the latest advancements, research, and developments in the field of quantum computing.
- ✓ To offer participants the opportunity to learn about quantum programming languages, algorithms, and tools, and to enhance their skills in quantum computing.

Eligibility:

Faculty and students from AICTE approved Engineering colleges

Scheduled date:

Last date for receipt of application: 18-08-2022

Intimation of selection by email : 20-08-2022

Confirmation by participants : 22-08-2022

ABOUT US:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

Chairman

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

Principal

Secretary

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive. In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

PROGRAM REPORT

NAME OF THE EVENT : WEBINAR ON QUANTUM COMPUTING
ORGANIZED BY : Department Of CSE
DATES : 24-08-20222
NUMBER OF DAYS : 01
VENUE : ONLINE
RESOURCE PERSON : Ms. PRIYA ASR TECH GROUP
NUMBER OF PARTICIPANTS : 85
TOPICS COVERED :

- Introduction to Quantum Mechanics
- Quantum Computing Fundamentals
- Quantum Software
- Quantum Algorithms
- Quantum Error Correction

PROGRAM OUTCOMES

- Understanding quantum computing fundamentals: Participants gain a basic understanding of quantum computing principles, including qubits, superposition, entanglement, and quantum gates
- Awareness of applications: Attendees learn about potential applications of quantum computing in various fields, such as cryptography, optimization, drug discovery, materials science, and machine learning

FEEDBACK : Good

EVENT COORDINATOR : k.Mohan Rao, Asst.professor

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10,9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer Science and Engineering, and Cyber Security branches.

A.M. REDDY MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY
Approved by AICTE, New Delhi, Affiliated to JNTUK-Kakinada
Web : www.amreddyengineeringcollege.com
E-mail: principal.amreddyengineering@gmail.com
Petturivaripalem, Palnadu (Dt.), Guntur District, Andhra Pradesh, India-522201, India

Introduction:

OBJECTIVES:

- Optimize business decisions and create competitive advantage with Big Data analytics
- Introducing Java concepts required for developing map reduce programs
- Derive business benefit from unstructured data
- Imparting the architectural concepts of Hadoop and introducing map reduce paradigm
- To introduce programming tools PIG & HIVE in Hadoop echo system.

OUTCOMES:

- Preparing for data summarization, query, and analysis.
- Applying data modeling techniques to large data sets
- Creating applications for Big Data analytics
- Building a complete business data analytic solution

Course content:

GFS architecture and components, GFS replicas,

Map Reduce, Hadoop components, Zookeeper, Chukwa.

Resource persons:

J.SYAM BABU, Asst. Professor

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at students hostel on demand.

Registration fee: Free

Scheduled date:

Last date for receipt of application: 17-08-2022

Intimation of selection by email : 19-08-2022

Confirmation by participants : 21-08-2022

Respected Sir,

Sub: Request approval to conduct Seminar on "RESEARCH DRIVEN EXPLORATION OF INNOVATIVE APPLICATION" -Reg,

The department of Civil Engineering is planning to conduct a Seminar on "RESEARCH DRIVEN EXPLORATION OF INNOVATIVE APPLICATION" to II/III/IVth B.tech students on 17/10/2022 that benefits the students/staff for the Enhancing their knowledge. The resource person for the Seminar is Dr. T.PHANI MADHAVI prof. We request you to accord approval and grant the required amount for the smooth conduction of the Seminar.

Thanking you sir.

Chief Patron : Mr. A SRINIVASA REDDY

Patron : Mrs. A SANTHI

Co-Patron : Dr. K.N.V.R KUMAR

Convener : Dr. BALA MURUGAN

Objectives

1. Enhance the mechanical properties of construction materials (e.g., concrete, steel) at the nano scale.
2. Integrate nano sensors and nano materials for real-time structural health monitoring and adaptive responses.
3. Develop environmentally sustainable construction materials using nanotechnology.
4. Utilize nano materials for remediation of contaminated water and soil at construction sites.

Resource persons

Dr. T. PHANI MADHAVI

Eligibility

UG STUDENTS

OUTCOME

1. Construction materials with improved strength, durability, and resistance to factors like corrosion and wear.
2. Implementation of nanosensors for continuous monitoring of structural integrity
3. Adoption of nonmaterial's with reduced environmental impact in construction processes.
4. Use of nonmaterial's for targeted and efficient remediation of water and soil contaminants.

CHAIRMAN

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too

SECRETARY

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers. Conducting high quality research, developing breakthrough technologies, and disseminating and preserving technical knowledge.

QUALITY POLICY:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life. Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

PROGRAMME REPORT

PROGRAMME NAME	“ A SEMINAR ON RESEARCH DRIVEN EXPLORATION OF INNOVATIVE APPLICATION“
RESOURCE PERSON	Dr.T. PHANI MADHAVI , NEC College, 8939139453, talasilamadhavi@gmail.com
DATE OF ACTIVITY	17/10/2022
ORGANIZED BY	A.M. Reddy Memorial College Of Engineering And Technology
VENUE	A.M. Reddy Memorial College Of Engineering And Technology
NUMBER OF PARTICIPANTS	36

OBJECTIVE:

1. Enhance the mechanical properties of construction materials (e.g., concrete, steel) at the nano scale.
2. Integrate nano sensors and nonmaterials for real-time structural health monitoring and adaptive responses.
3. Develop environmentally sustainable construction materials using nanotechnology.
4. Utilize non materials for remediation of contaminated water and soil at construction sites.
5. Improve construction processes through the use of nonmaterial's, such as nano admixtures for concrete

OUTCOME:

1. Construction materials with improved strength, durability, and resistance to factors like corrosion and wear.
2. Implementation of nanosensors for continuous monitoring of structural integrity.
3. Adoption of nonmaterial's with reduced environmental impact in construction processes.
4. Use of nonmaterial's for targeted and efficient remediation of water and soil contaminants.
5. Integration of nanotechnology in construction processes, leading to increased efficiency and reduced resource consumption.

“A SEMINAR ON NAVIGATING INTELLECTUAL PROPERTY RIGHTS IN RESEARCH ENDEAVORS”

A.M. REDDY MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY, JNTUK KAKINADA.

Organized by

DEPARTMENT OF CIVIL ENGINEERING.

www.amreddyengineering.ac.in

Chief Patron : Mr. A SRINIVASA REDDY
Patron : Mrs. ATLURI SANTHI
Co-Patron : Dr. K. N. V. R. KUMAR
Convener : Dr. BALA MURUGAN

OBJECTIVES

1. Safeguarding original creations, inventions, or designs through patents, trademarks, copyrights, or trade secrets to prevent unauthorized use or exploitation by others.
2. Maximizing the economic value of intellectual property assets by effectively licensing, selling, or leveraging them in partnerships and collaborations with other organizations.

Resource persons

Mrs. M. SITARA

Eligibility

UG STUDENTS

OUTCOMES

1. By strategically protecting and leveraging intellectual property assets, organizations can generate additional revenue streams through licensing agreements, royalties, and other monetization strategies.
2. A well-managed intellectual property strategy can foster a culture of innovation within an organization, encouraging employees to create and protect new ideas/technologies, and solutions.

PROGRAMME REPORT

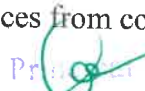

PROGRAMME NAME	A Seminar on “NAVIGATING INTELLECTUAL PROPERTY RIGHTS IN RESEARCH ENDEAVORS”
RESOURCE PERSON	M. SITARA , Krishnaveni Engineering College for Women , Assoc. Prof, 7780465864, seetu23@gmail.com
DATE OF ACTIVITY	13/12/2022
ORGANIZED BY	A.M. Reddy Memorial College Of Engineering And Technology
VENUE	Room No : 313
NUMBER OF PARTICIPANTS	34

OBJECTIVES:

1. Safeguarding original creations, inventions, or designs through patents, trademarks, copyrights, or trade secrets to prevent unauthorized use or exploitation by others.
2. Maximizing the economic value of intellectual property assets by effectively licensing, selling, or leveraging them in partnerships and collaborations with other organizations.
3. Encouraging and fostering innovation within the organization by incentivizing employees to develop new ideas and technologies while providing a framework for protecting and benefiting from their creations.
4. Mitigating the risk of intellectual property disputes, infringement claims, or challenges to ownership by conducting thorough searches, assessments, and clearance procedures before launching products or services.
5. Expanding into new markets and territories by strategically using intellectual property rights to establish a competitive advantage, secure market share, and differentiate offerings from competitors.

OUTCOMES:

1. By strategically protecting and leveraging intellectual property assets, organizations can generate additional revenue streams through licensing agreements, royalties, and other monetization strategies.
2. Strong intellectual property rights can help organizations establish a distinctive brand identity, differentiate their products or services from competitors, and gain a competitive edge in the marketplace.

3. A well-managed intellectual property strategy can foster a culture of innovation within an organization, encouraging employees to create and protect new ideas, technologies, and solutions.
4. By proactively managing intellectual property rights, organizations can minimize the risk of costly litigation, infringement claims, and disputes with competitors, suppliers, or customers.
5. Intellectual property assets can serve as valuable long-term assets that contribute to the sustainability and growth of an organization, providing a foundation for future innovation, expansion, and success in the marketplace.

Petlurivaripalem,
Narasaraopet.

Respected sir,

Sub: request approval to conduct a seminar on "IP RIGHTS FOR ENGINEERING STARTUPS : A COMPREHENSIVE GUIDE"-Reg

The department of electrical and electronics engineering is planning to conduct a seminar on "IP RIGHTS FOR ENGINEERING STARTUPS : A COMPREHENSIVE GUIDE" B.tech students on 11/01/2023 that benefits the students/staff for the enhancing their knowledge. The resource person for the seminar is P VENKAYYA BABU, Assoc. Prof Bangalore. We request you to accord approval and grant the required amount for the smooth conduction of the seminar

Thanking you sir,

Yours sincerely,

G.MASTHAN REDDY

Co-Patron : Dr. K. N. V. R. KUMAR
Convener : Dr. S SENTHIL KUMAR

OBJECTIVES

Determine a specific area within the engineering field where you can offer unique solutions or services. This could be anything from renewable energy technologies to software for civil engineering projects.

Conduct thorough market research to understand the demand for your product or service, identify competitors, and assess market trends. This will help you tailor your offerings to meet market needs effectively.

Resource persons

P VENKAYYA BABU

Eligibility

UG STUDENTS

OUTCOMES

Successful engineering startups can penetrate their target markets effectively, gaining significant market share and establishing themselves as leaders in their respective niches

Achieving steady revenue growth is a common outcome for engineering startups. As they acquire customers, scale operations, and expand their product/service offerings, revenue tends to increase over time.

To
The Principal,
A.M. Reddy Memorial College of Engineering & Technology,
Petlurivaripalem,
Narasaraopet.

Respected sir,

Sub: request approval to conduct A ONE DAY SEMINAR ON RESEARCH ON ACCESS CONTROL USINGRFID-Reg

The department of Electronics Communication Engineering is planning to conduct A ONE DAY SEMINAR ON RESEARCH ON ACCESS CONTROL USINGRFID to IV-year students on 23-01-2023 that benefits the students/staff for the enhancing their knowledge. The resource person for the seminar is K. Bhaskar Rao, MTech, Asst. Professor, Department of ECE, CR Engineering College, Chilakaluripet. We request you to accord approval and grant the required amount for the smooth conduction of the seminar

Thanking you sir

Yours sincerely,

T. Gaithanya,

CO-ORDINATOR

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10,9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Electronics Communication and Engineering (ECE) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Electronics. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ECE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in Electronics, Communication and Engineering.

Introduction:

Objectives:

The Objectives of access control using RFID are to learn about access control using RFID to be familiarized with universal electronics communication concepts like expectation, thinking to be familiarized with general electronics concepts like components & functions to be familiarized with general coding techniques and object-oriented techniques.

Outcomes:

- Learn about RFID and its applications
- Build your RFID based Authentication system
- Work with Microcontrollers, RFID tags & Readers, DC Motors, etc.
- Understand and Implement Microcontroller Programming
- Test and demonstrate your final project

Course content:

What is access control using rfid?
• How to develop Operations Using Sense Technology executing, – Indexing & Slicing, Advanced integration, integral, logical.

Recourse persons:

K. BHASKAR RAO, MTech,
Asst. Professor
Department of ECE
CR Engineering College, Chilakaluripet

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at student's hostel on demand.

Registration fee: Free

Scheduled date:

Last date for receipt of application: 17-01-2023
Intimation of selection by email : 19-01-2023
Conformation by participants : 21-01-2023

ATULURI MASTHAN REDDY EDUCATIONAL SOCIETY, REG. NO. 430/2003

Introduction:

Objectives:

The Objectives of International technology transfer or diffusion refers to the process by which a firm in one country gains access to and employs technology developed in another country. Some transfers occur between willing partners in voluntary transactions, but many take place through non-market transactions or spillovers.

Outcomes:

- The impact of stronger IPR protection on technology diffusion is ambiguous in theory
- Depends on a country's circumstances.
- The increased market power of IPR holders potentially
- Reducing the dissemination of knowledge due to lower output and higher prices
- IPRs could play a positive role in knowledge diffusion

Course content:

Respected sir,

Sub: request approval to conduct the webinar on "A WEBINAR ON NEW MATERIAL USING CIVIL ENGINEERING"-Reg

The department of electrical and electronics engineering is planning to conduct "A WEBINAR ON NEW MATERIAL USING CIVIL ENGINEERING" to B.Tech students on 08/02/2023, that benefits the students/staff for the enhancing their knowledge. The resource person for the workshop is Mr. SRINATH, Great American Oh Investments. We request you to accord approval and grant the required amount for the smooth conduction of the seminar

Thanking you sir,

Yours sincerely,

Objective of the seminar:

1. Provide an overview of emerging materials, such as advanced composites, nanomaterials, self-healing materials, and smart materials, that are transforming the field of civil engineering.
2. Highlight the advantages and potential applications of new materials in various aspects of civil engineering, including construction, infrastructure rehabilitation, durability enhancement, and sustainability improvement
3. Develop environmentally sustainable construction materials using nanotechnology.

Eligibility:

Faculty and students from AICTE approved Engineering colleges

Scheduled date:

Last date for receipt of application: 04/02/2023

Intimation of selection by email : 06/02/2023

Conformation by participants : 07/02/2023

ABOUT US:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

Chairman

Atluri Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders.

Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too.

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive. In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

PROGRAMME REPORT

PROGRAMME NAME	" A WEBINAR ON NEW MATERIAL USING CIVIL ENGINEERING"
RESOURCE PERSON	Mr. SRINATH, GREAT AMERICAN OH INVESTMENTS
DATE OF ACTIVITY	12-08-2023
ORGANIZED BY	A.M. Reddy Memorial College Of Engineering And Technology
VENUE	ZOOM

OBJECTIVE:

1. Provide an overview of emerging materials, such as advanced composites, nanomaterials, self-healing materials, and smart materials, that are transforming the field of civil engineering.
2. Highlight the advantages and potential applications of new materials in various aspects of civil engineering, including construction, infrastructure rehabilitation, durability enhancement, and sustainability improvement
3. Develop environmentally sustainable construction materials using nanotechnology.

OUTCOME:

1. Construction materials with improved strength, durability, and resistance to factors like corrosion and wear.
2. Implementation of nanosensors for continuous monitoring of structural integrity.
3. Adoption of nonmaterial's with reduced environmental impact in construction processes.

NUMBER OF STUDENTS ATTENDED : 42

www.amreddyengineering.ac.in

Chief Patron : Mr. A SRINIVASA REDDY

Patron : Mrs. ATLURI SANTHI

Co-Patron : Dr.K.N.V.R KUMAR

Convener : Dr. BALA MURUGAN

OBJECTIVES

1. Ensure the environmentally responsible extraction and processing of raw materials for concrete production, reducing the ecological impact.
2. Implement energy-efficient practices in the manufacturing process of concrete to minimize carbon emissions and overall energy consumption.
3. Focus on developing concrete formulations that are easily recyclable, promoting a circular economy and reducing waste in construction.

Resource persons

Dr. T. PHANI MADHAVI

UG STUDENTS

Eligibility

OUTCOMES

1. Green concrete contributes to lower carbon emissions compared to traditional concrete, as it often involves the use of recycled materials and alternative cementitious components, helping combat climate change.
2. The utilization of recycled aggregates and industrial by-products in green concrete helps conserve natural resources, reducing the demand for virgin materials and minimizing environmental impact.
3. Green concrete production methods are designed to be more energy-efficient, contributing to overall energy savings and a more sustainable construction industry.

VISION:

To be the best at serving society by creating engineering knowledge and Educating engineers for dynamic and global careers.

MISSION:

The college of Engineering serves the state, the nation, and the world by Graduating talented. Broadly educated engineers. Conducting high quality research, developing breakthrough technologies, and disseminating and preserving technical knowledge.

Quality Policy:

A.M. Reddy Engineering College, strongly believe that Quality is the essence of life. Hence, AMRN will constantly strive to improve the quality of education and training imparted to its students by establishing state-of-the-art laboratories and modernizing them continually, upgrading the knowledge and skills of its staff periodically and developing strong linkages with industry.

PROGRAMME REPORT

Programme Name	A TWO DAYS WORKSHOP ON A RESEARCH DRIVEN EXPLORATION OF GREEN CONCRETE INNOVATION IN CONSTRUCTION
Resource person	Dr.T.PHANI MADHAVI,BEC, 8939139453,talasilamadhavi@gmail.com
Date of Activity	22/02/2023 TO 23/02/2023
Organized by	A.M. Reddy Memorial College Of Engineering And Technology
Venue	A.M. Reddy Memorial College Of Engineering And Technology
Number Of Participants	34

OBJECTIVE:

1. Ensure the environmentally responsible extraction and processing of raw materials for concrete production, reducing the ecological impact.
2. Implement energy-efficient practices in the manufacturing process of concrete to minimize carbon emissions and overall energy consumption.
3. Focus on developing concrete formulations that are easily recyclable, promoting a circular economy and reducing waste in construction.
4. Explore and employ technologies that reduce the carbon footprint of concrete production, such as incorporating alternative materials or improving curing methods.

OUTCOME:

1. Green concrete contributes to lower carbon emissions compared to traditional concrete, as it often involves the use of recycled materials and alternative cementitious components, helping combat climate change.
2. The utilization of recycled aggregates and industrial by-products in green concrete helps conserve natural resources, reducing the demand for virgin materials and minimizing environmental impact.
3. Green concrete production methods are designed to be more energy-efficient, contributing to overall energy savings and a more sustainable construction industry.
4. The outcomes of green concrete include structures with improved environmental performance, such as enhanced durability, resilience to harsh conditions, and a longer.

About us:

AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3kms. away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services.

The college meticulously implements quality policy, absolute discipline, well-ventilated class rooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power back up

Chairman

Aturi Srinivasa Reddy Chairman At A.M.Reddy Group, Learning is based on doing things and not merely knowing things, otherwise which the whole process will remain Superficial. Any engineering institution worth its name looks to optimize the productivity of global leaders. Our institution has set specific objectives and planned activities for achieving excellence in all spheres of technical education. Great talent without will-power and hard work, is like hidden untapped precious natural resources. Our institution aims at bringing out these natural talents in students and leverages them for individual growth and excels in their careers too.

Secretary

Engineering education plays a vital and most significant role in nation's building. Engineers create new inventions using best engineering technologies to make Human life more comfortable, secure, and productive.

In these modern times, nations which have rich engineering and experienced management domains are flourishing economically and are providing better lives to their people. We have excellent potential to grow in diversified areas and excel in Engineering and Management fields. We need numerous engineers and managers to develop plenty of successful inventions.

PROGRAMME REPORT

PROGRAMME NAME	“ A TWO DAYS WORKSHOP ON RESEARCH ON ADVANCED INDUSTRIAL AUTOMATION USING PLC AND SCADA “
RESOURCE PERSON	CH. SUDHA Asst.Prof , Eswar engineering college, Narasaraopet CELL:8688554692 E-Mail:Ch.Sudha1983@gmail.com
DATE OF ACTIVITY	13/04/2023 to 14/04/2023
ORGANIZED BY	Department Of Electrical And Electronics Engineering
VENUE	Lecture hall 304

OBJECTIVE OF WORKSHOP:

The main objective of PLC & SCADA workshop is to make students acquainted with the conceptual and practical knowledge of the industrial automation and latest technologies being used to achieve industrial automation.

OUTCOMES OF THE WORK SHOP:

Upon successful completion of this course, the students will be able to:
Classify input and output interfacing devices with PLC.
Execute, debug and test the programs developed for digital and analog operations.
Determine I/O requirement of application, develop program and interface system with PLC

NUMBER OF STUDENTS ATTENDED TO WORKSHOP: 34

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petturivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well-ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (ECE) was established in 2008. Ever since its inception, the department has been a pioneering academic center for higher education, research, and innovation in key areas of Electronics. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ECE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

Introduction:

OBJECTIVES:

Effective in applying electrical engineering principles in engineering practice or for advanced study

OUTCOMES:

- Learn the basics of Internet of Things and its applications
- Build your own IoT system using Arduino Uno
- Work with DHT sensors to detect humidity and temperature
- Setup IoT connectivity using ESP8266 WIFI Module
- Understand Arduino Architecture and programming
- Develop and test an IoT weather monitoring station

Course content:

Receive data from Arduino over Bluetooth serial using HC-06 Bluetooth module.
Send voice commands to Arduino.
Implement the communication between smart phones and home appliances.
Improve technology used in a home...

Resource person:

K. BHASKER RAO, MTech
Assistant Professor
Department of ECE

CR COLLEGE OF ENGINEERING

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at student's hostel on demand.

Registration fee: Free

Scheduled date:

Last date for receipt of application: 20-04-2023

Intimation of selection by email : 22-04-2023

Confirmation by participants: 24-04-2023

PROGRAMME REPORT

PROGRAMME NAME	A TWO-DAY WORKSHOP ON "RESEARCH AND APPLICATIONS OF CNC MACHINING"
RESOURCE PERSON	Mr K.ANAND JOY E-mail;anandjoy749@gmail.com , Cell no ;9966035589; College ; Varaprasadareddy inistitue of engineering and technology
DATE OF ACTIVITY	23-05-2023 To 24-05-2023
ORGANIZED BY	A.M. Reddy Memorial College Of Engineering And Technology
VENUE	CAD LAB-A.M. REDDY MEMORIAL ENGINEERING COLLEGE AND TECHNOLOGY
NO. OF PARTICIPENTS	34

OBJECTIVE:

- Evaluate manufacturing assignment based on critical thinking and problem solving skills. Become a good communicator and effective team member.
- Practice writing complex "G" code programs for CNC turning centers that meet the part specification
- Interpret and demonstrate complex "G" code programs for CNC milling centers that meet the part specification
- Prepare "G: code programs to perform secondary operations including tapping, countersinking, counter boring, and threading.
- Describe and illustrate common problems with tooling and fixtures in CNC programming and machining

OUTCOME:

- Demonstrate and explain various CNC control Calculate technological data for CNC machining
- Prepare and understand line program for various profiles Identify and set parameters for various simulators

LIST OF PARTICIPANTS

NAME OF THE PROGRAM: A SEMINAR ON "RESEARCH ON ADVANCED COMPOSITE MATERIALS AND TESTING"

Sl.no	Regd No	Name of the Student	Signature of the students
1	19HM1A0302	BANNELA PRASAD	B. Prasad
2	19HM1A0303	BESTA SUNIL	B. Sunil
3	19HM1A0304	BONALA JAYACHANDRA	B. Jayachandra
4	19HM1A0305	DEVARA PAVAN KUMAR	D. Pavan Kumar
5	19HM1A0306	DUDEKULA MUSTAFA	D. Mustafa
6	19HM1A0307	GANDLURI KESAVA REDDY	G. Kesava Reddy
7	19HM1A0308	GANDLURI RAMAKANTH REDDY	G. Ramakanth Reddy
8	19HM1A0309	GOLLA MAHESH BABU	G. Mahesh Babu
9	19HM1A0310	JAMMALA THARUN	J. Tharun
10	19HM1A0311	KALAHASTHRI YEHOSHUVA	K. Yeshuva
11	19HM1A0312	KOLAKA MINNARAO	K. Minnarao
12	19HM1A0313	KOTA CHANTI	K. Chanti
13	19HM1A0314	MALLA USHA(M)	M. Usha
14	19HM1A0315	NALLAIAHGARI BHARATH KUMAR	N. Bharath Kumar
15	19HM1A0317	POOLA THRILOK	P. Thri Lok
16	19HM1A0318	PULLAGURA RAGHAVENDRA	P. Raga Venkta
17	19HM1A0319	PUVVALA ESWARA RAO	P. Eswara Rao
18	19HM1A0320	RAVADA JITENDARA REDDY	R. Jitendara Reddy
19	19HM1A0321	SAKE MURALI KRISHNA	S. Murali Krishna
20	19HM1A0322	SAKE SATHEESH	S. Satheesh
21	19HM1A0323	SAMANTHRI BHARATH KUMAR	S. Bharath Kumar
22	19HM1A0324	TADANGI KIRANKUMAR	T. Kiran Kumar
