NATIONAL CANCER AWARENESS DAY

AM Reddy Memorial College of Engineering and Technology celebrate would Conduct awareness programme about National Cancer Day on November 07th in India. In the year 2021 November 7th is Sunday so we celebrated National Cancer day on November 8th 2021. Under the guest lecture of M. Jhansi Rani. She says Cancer is caused by genetic changes leading to uncontrolled cell growth and tumour formation. The basic cause of Sporadic Cancers is DNA damage and genomic instability. A minority of cancers are due to inherited genetic mutations. Most cancers are related to environmental lifestyle or behavioural exposures.

She Says primary prevention is that set of interventions that keeps a cancer process from ever developing and includes health Counselling and education. Environmental Controls and product safety as examples so we conduct this programme to create public awareness about early detection, prevention, and treatment of Cancer.

REPORT ON INTERNATIONAL WOMEN'S DAY

International women's day is a global holiday celebrated annually March 8th as focal point in the women's right movement, bringing attention to issues such as gender equality, reproductive rights, and violence and abuse against women. Spurred on by the universal female Suffrage movement, IWD originated from labour movements in North America and Europe during the early 20th century

The theme for this (2022) year's observance is "Gender equality today for a Sustainable tomorrow" "The year 2022 is pivotal for achieving gender equality in the context Climate Change, and environmental and disaster risk education, which are some of the greatest global challenges of the twenty-first century.
