LIST OF CERTIFICATE ADD-ON PROGRAMS

Academic Year: 2019-2020

S.No	NAME OF THE PROGRAM	DURATION OF COURSE	NO. OF PARTICIPANTS
1	A Two Week Certification Program On Waste To Energy	01-07-2019 To 13-07-2019	40
2	A One Week Add On Program On "Matlab Program"	05-08-2019 To 10-08-2019	18
3	A One Week Add-On Program On "A Role Of Cyber Security In Business"	13-08-2019 To 20-08-2019	64
4	A One Week Add On Program On "INTRODUCTION & USER INTERFACE OF BENTLEY STAAD .PRO SOFTWARE".	26-08-2019 To 31-08-2019	63
5	A Role Of Mechatronics In Industrial Application	16-09-2019 To 21-09-2019	60
6	A 30 Hours Certificate Programme On "Ethical Hacking"	27-01-2020 To 31-01-2020	58
7	A One Week Certification Program On Program On Hydroponics	03-02-2020 To 08-2-2020	55
8	A One Week Add On Program On "Microcontroller Programming"	10-02-2020 To 15-02-2020	18
9	A One Week Add On Program On "AUTO DESK REVIT SOFTWARE"	24-02-2020 To 29-02-2020	67
10	A Role Of Industrial Robotics In AuTomation	24-02-2020 To 29-02-2020	60

Respected Sir,

Sub: Request Approval for Two Week Certification Program on Agricultural Waste-To-Energy -Reg,

The Department of Agricultural Engineering is Planning to Conduct a Two Week Certification Program on "Agricultural Waste-To-Energy" to Fourth B.Tech Students on 01/07/2019 to 13/07/2019 that benefits the students/staff for the enhancing their knowledge. The Resource Person for the Certification Program is P. Ravi Sankar, Associate Professor, Department of MBA, Am Reddy Memorial College of Engineering and Technology We Request You to Accord Approval and Grant the Required Amount for The Smooth Conduction of the Certification Program.

Thanking you sir

CIRCULAR

Date: 24/06/2019

It is to informed that the department of Agricultural Engineering is excited to announce an exceptional opportunity for final-year students. that we have diligently co-ordinated “A Two-Week Certification Program on Agricultural Waste-To-Energy” thoughtfully crafted to enrich your understanding in this pivotal domain.

Registration Deadline : 30/06/2019
Program Dates : 01/07/2019 to 13/07/2019
Co-ordinator : NV ASHOKA
Venue : Seminar Hall

This certification program will provide you with insights into the latest advancements in agricultural waste management and its conversion into renewable energy sources. It's an excellent opportunity for final-year students to broaden their horizons and gain valuable expertise.

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivapalem, Narasaraopet, Painadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

ABOUT THE DEPARTMENT

The Department of Agricultural Engineering in AM Reddy Memorial College of Engineering and Technology is one of the courses offered by the college. It is a four-year full-time undergraduate program recognized by the All India Council for Technical Education (AICTE) and offered by the Jawaharlal Nehru Technological University, Kakinada. The department aims to provide quality education and training in the field of agricultural engineering, which involves the application of engineering principles and techniques to improve the productivity and sustainability of agricultural systems. The department has well-equipped laboratories, workshops, and farms to facilitate practical learning and research. The department also organizes seminars, workshops, field visits, and industrial training for the students to enhance their skills and exposure.

A Two Week Certification Program On "Agricultural waste to Energy"

1-07-2019 to 13-07-2019

**Organized by
Department Of
Agricultural Engineering**

A.M REDDY MEMORIAL COLLEGE OF ENGINEERING AND TECHNOLOGY

Approved by AICTE, New Delhi, Affiliated to JNTUK- KAKINADA
ISO 9001:2015 Certified Institution

**A.M REDDY MEMORIAL COLLEGE OF
ENGINEERING & TECHNOLOGY
PETLURIVAPALEM
Narasaraopet, Painadu, Dt. Narasaraopet**

ABOUT THE PROGRAMME:

The program aims to empower students with a well-rounded expertise in agricultural waste-to-energy, encompassing the identification and categorization of diverse waste types, understanding the fundamental principles governing efficient conversion processes, honing practical skills in biomass handling and preprocessing, evaluating environmental implications and benefits, ensuring safety compliance through effective protocols and emergency response strategies, and culminating in the application of knowledge through hands-on projects. By the program's conclusion, students will be equipped to navigate regulatory standards, analyze case studies, and confidently present their waste-to-energy initiatives, fostering a comprehensive and practical skill set in sustainable energy solutions within the agricultural sector

RESOURCE PERSON

PROGRAM REPORT

Date:13/07/2019

Name of the event : A Two-Week Certification Program On Agricultural Waste-To-Energy

Organized by : Department of agricultural engineering

Dates : July 1, 2019 to July 13, 2019

Number of days : 12

Venue : Seminar Hall

Resource person : Dr.K. Harish, Associate professor

Number of participants : 40

Topics covered :
Agricultural Waste Types

- Waste-to-Energy Conversion Principles
- Biomass Handling and Preprocessing
- Waste-to-Energy Systems and Technologies
- Environmental Implications and Benefits
- Practical Hands-on Training
- Case Studies and Project Work
- Safety Protocols and Emergency Response
- Regulatory Compliance in Waste-to-Energy
- Waste-to-Energy Project Presentation

Program outcomes : After completing the program, students will possess expertise in identifying agricultural waste, converting it into energy, managing biomass effectively, evaluating environmental impacts, applying practical skills, analyzing case studies, ensuring safety compliance, and presenting waste-to-energy projects.

About the department

The Department of Electronics Communication and Engineering (ECE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Electronics. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India.

The department currently offers 4 year Under Graduate Programs in Electronics Communication and Engineering.

PROGRAM REPORT

Date: 12-08-2019

Name of the Event : Matlab Software
Organized by : Department Of ECE
Dates : 05-08-2019 to 10-08-2019
Number of days : 6
Venue : Class room
Resource Person : N.RAMESH BABU, M.Tech, Asst. Professor,
Department of ECE
St marys Engineering College, chebrolu
Number of participants : 22

Topics covered :

- To Over view of MATLAB
- To learn the fundamentals of MATLAB programming
- To improve employability skills of engineering students
- To bridge the skill gaps and make the students industry ready.

Program Outcomes :

- Use MATLAB effectively to analyze and visualize data.
- Apply numeric techniques and computer simulations to solve engineering-related problems..
- Data analysis and visualization.

Feedback : Good

Mat lab Software Feedback Survey

We appreciate your participation in our Add-on Program. Your feedback will help us enhance and customize future programs to suit your needs better. Please spare a few minutes to share your opinions with us.

Personal Details:

1. Name (Optional): -----
2. Department: ----- ELG -----
3. Year of Study: ----- 04 year -----

Program Assessment:

1. How satisfied are you with the overall quality of the Add-on Program?
 Very Satisfied Satisfied Neutral Dissatisfied
2. How relevant was the program content to your area of study?
 Highly Relevant Relevant Somewhat Relevant Not Relevant
3. How well did the program meet your expectations?
 Very good Expectations Good Expectations
 Average Expectations Bad Expectations
4. How effective was the facilitator or instructor in delivering the program?
 Excellent Good Average Poor
5. How clear and understandable were the facilitator's explanations?
 Excellent Good Average Poor
6. How well organized and managed was the program?
 Excellent Good Average Poor
7. How likely are you to recommend this program to your peers?
 Excellent Good Average Poor

Any Other Comments: No

Subject: Request approval to conduct "A ONE WEEK ADD-ON PROGRAM ON A ROLE OF CYBER SECURITY IN BUSINESS" -Reg.

Respected Sir,

The Department of Computer Science And Engineering is planning to conduct "A ONE WEEK ADD-ON PROGRAM ON A ROLE IN CYBER SECURITY IN BUSINESS" to III & IV B.Tech II Semester students on 13-08-2019 to 20-08-2019 that benefits the students for the Enhancing their knowledge. The Resource person is V.Sai Spandana, Assistant professor, Dept of CSE. we request you to accord approval and grant the required amount for the smooth conduction of the Workshop.

Thanking you sir

Yours Sincerely,

P. Imran Khan

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

About the department

The Department of Computer Science and Engineering (CSE) was established in 2008. Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of CSE find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in computer science and Engineering, and Cyber Security branches.

About the location:

Petlurivaripalem
Narasaraopet

Organizing secretary

Dr.A.NAGESWARAN,
Head of the Department CSE

Coordinator

P.IMRAN KHAN, Asst. professor

Organized by

Department of
Computer Science and Engineering

ABOUT THE PROGRAM:

This course explains security fundamentals including core principles, critical security. Students will also evaluate specific security techniques used to administer a system that meets industry standards and core controls, assess high-level risks, vulnerabilities, and attack vectors if a sample system, and explain ways to establish and maintain the security of different types of computer systems.

Program Outcomes:

Upon completion of the program students should be able to students will investigate and fix security issues on a windows 10 client system as a way of demonstrating fundamental cyber security knowledge, skills and abilities

PROGRAM CONTENTS

- ❖ Introduction
- ❖ Cyber security foundations
- ❖ Defending and securing systems
- ❖ Monitoring and securing douglas financials
- ❖ Threats, vulnerabilities and incident response
- ❖ MITRE ATTACK framework
- ❖ Functions of governance, risk compliance and how each function operates
- ❖ Reducing small business cyber security risks
- ❖ Cyber insurance
- ❖ Basic of cyber insurance

Resource person:

V.SAI SPANDANA, Asst. Professor

Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at students hostel on demand.

Registration fee:

Free

Scheduled date:

Last date for receipt of application : 10-08-2019

Confirmation by participants : 12-08-2019

6
10

Class :- III & IV B.Tech II Semester

Schedule :- 13-08-2019 TO 20-08-2019

Student Name : K. Pavan Kumar

Training Venue : Seminarhall Date : 28-08-2019

1. Amongst which of following are primary goals of cyber security? [B]
A. Encryption, authorization, and availability
B. Confidentiality, integrity, and authentication
C. Firewalls, intrusion detection, and data backups
D. Phishing prevention, malware detection, and spam filtering
2. The term "Cyber Threats" in cyber security refers to _____. [B]
A. Techniques used by cybersecurity professionals to protect systems
B. Malicious activities are carried out by hackers to breach firewalls
C. Hardware components that are susceptible to cyber-attacks
D. The process of encrypting sensitive data for secure transmission
3. The process of encoding data to protect it from unauthorized access is known as _____. [A]
A. Encryption
B. Firewall
C. Intrusion Detection
D. Multi-factor Authentication
4. Which of the following options best defines an attack vector in terms of cyber security? [A]
A. A software tool used by ethical hackers to test system vulnerabilities
B. A technique to encrypt sensitive data during transmission
C. A method or avenue used by cyber threats to gain unauthorized access to a system or network
D. A hardware component that helps prevents denial-of-service attacks
5. What is the significance of a firewall in cybersecurity? [C]
A. To prevent unauthorized physical access to a computer
B. To detect and remove malware from a computer
C. To protect a computer from unauthorized network access
D. To encrypt sensitive data on a computer
6. Which of the following options correctly identifies the two primary types of encryption used in cyber security? [C]
A. Symmetric encryption and multi-factor authentication
B. Asymmetric encryption and Private-key encryption
C. Single-factor encryption and Decryption
D. Symmetric encryption and Asymmetric encryption

7. Phishing is a type of cyber threat that involves ____.
- A. Mimicking an authorized user to steal sensitive information
 - B. Gaining unauthorized access to a system
 - C. Local storage destruction
 - D. Sending large amounts of fake traffic to a server

[B]

8. What does the term "Malware" stands for?

- A. Malfunctioning Software
- B. Malicious Firmware
- C. Malfunctioning Hardware
- D. Malicious Software

[D]

9. Which of the following is an example of a cyber-attack on physical infrastructure?

- A. Phishing attack on employee's email
- B. DDoS attack on the company's server
- C. Stuxnet attack on an irrigation control system

[A]

10. What does the term "VPN" stand for?

- A. Virtual Personal Network
- B. Virtual Private Network
- C. Virtual Portable Network
- D. Virtual Public Network

Respected Sir,

Sub: Request approval for A One Week Add on Program on "INTRODUCTION & USER INTERFACE OF BENTLEY STAAD .PRO SOFTWARE"-Reg,

The department of Civil Engineering is planning to conduct A One Week Add on Program on "INTRODUCTION & USER INTERFACE OF BENTLEY STAAD .PRO SOFTWARE" students on 26/08/2019 to 31/08/2019 The benefit of the students is for Enhancing their knowledge. The resource person for the Certification Program is Dr. N. R. M. Reddy, Professor, Department of Civil Engineering, Sai Tirumala Engineering College. we request you to accord approval and grant the required amount for the smooth conduction of the Add-on program.

Thanking you sir

CIRCULAR

This is to inform that II, III & IV B.Tech Students is having A One week Add-on programme on “Introduction and user interface of Bentley STAAD. Pro Software” will be conducted on 26th August 2019, at A.M. Reddy college. Hence all the students who are interested can register their names to the coordinator and get benefited. The last date for enrollment is 23-08-2019.

Program Schedule : 26-08-2019 to 31-08-2019

Venue : CIVIL STAAD PRO LAB

Co-ordinator : G.V.Varun Teja, Assistant Professor, Dept of Civil Engineering

DEPARTMENT OF CIVIL ENGINEERING

A One Week Add-On programme on “Introduction and user interface of Bentley STAAD. Pro Software”

DAY WISE SCHEDULE

Day	Date	Topic
Day-1	26-08-2019	<u>Introduction</u> <ul style="list-style-type: none">➤ Detailed introduction about STAAD.Pro software,➤ Beam Design➤ Design steps for RCC beam,➤ Calculate the intensity of the load which is expected to act on the beam,➤ Find out the effective span of the beam,➤ Find out the trial dimensions of the beam.
Day-2	27-08-2019	<u>Building Design</u> <ul style="list-style-type: none">➤ Gettig start with STAAD.Pro& how to create a new project,➤ Applying loads and constraints,➤ Performing structural analysis,➤ Design and code compliance.
Day-3	28-08-2019	<u>Foundation Design</u> <ul style="list-style-type: none">➤ As per IS-456:2000 following steps are involved in the designing an isolated footing,➤ Area of footing is calculated based on the factored column load,➤ Net soil pressure is then calculated, and net factored soil pressure is found,➤ The effective depth of footing is calculated.
Day-4	29-08-2019	<u>Water Tank Design</u> <ul style="list-style-type: none">➤ Introduction to design procedure for circular water tank,➤ Determine the design constants based on the codal book referred, and enter the dimensions of the tank,➤ Thickness of the wall of water tank ,➤ reduction of the wall of water tank,➤ Distribution steel and floor of the tank.
Day-5	30-08-2019	<u>Seismic Analysis</u> <ul style="list-style-type: none">➤ Convert irregular to regular for better seismic performance, and adequate gap between structures.➤ Avoid soft storey and ground floor.➤ Provide lateral bracings symmetrically and avoid bracing frames with infilled walls,➤ Avoid short columns.

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

ABOUT THE DEPARTMENT

Civil Engineering is rightly considered the most versatile amongst all engineering branches. It is the branch with a lot of diversity right from Surveying, Geo-technology to Structural Engineering, Environmental Sciences to Hydraulics, and Transportation to Hydrology. Civil Engineering can be considered as the single largest core engineering branch.

The department's vision is to give an exposure to budding civil technocrats to various challenges in the profession having a highly qualified and experienced faculty with excellent academic record. There is a wonderful combination of academic excellence and industrial experience amongst the faculty, which is instrumental in imparting the right blend of theoretical and practical knowledge to the students.

ABOUT THE PROGRAMME:

The aim of STAAD can be used for analysis and design of all types of structural projects from plants, buildings, and bridges to towers, tunnels, metro stations, water/wastewater treatment plants.

STAAD Pro can generate loads such as wind, or earthquakes as per building codes of selected countries.

RESOURCE PERSONS

Dr. N.R.M.Reddy Garu
Professor

PROGRAMME CONTENTS

- ❖ Introduction to STAAD.Pro
- ❖ Model Generation and Editing.
- ❖ Introduction to Loading.
- ❖ Automatic Load Generation.
- ❖ Concrete Design.
- ❖ Seismology.
- ❖ Steel Design.
- ❖ Report Generation .
- ❖ Foundation Design.

PROGRAM REPORT

Name of the event : Introduction and user interface of Bentley STAAD.Pro Software
Organized by : Department Of CE
Dates : 26-08-2019 to 31-08-2019
Number of days : 06
Venue : Seminar Hall
Resource Person : Dr. N. R. M. Reddy
Number of participants : 63
Topics covered :

1. Introduction
2. Building Design
3. Foundation Design
4. Water Tank Design
5. Seismic Analysis
6. Wind Analysis

Program Outcomes :

- Student will be able to complete object-oriented instinctive 2D/3D graphic model generation.
- Student will be able for carrying out flexible zooms and multiple views.
- Student will know to make isometric & perspective views and 3D shapes.
- Student will learn how to achieve user-specified design parameters to customize a design.
- Student will know to perform code check, member selection and optimized member selection consisting of analysis/design cycles.
- Student will be able to design concrete beams/columns/slabs/footings as per all major.

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering (ME) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ME find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in Mechanical Engineering branch. The objective of our department is to develop students for immediate employment and strong foundation that prepares them for leadership roles along with diverse career paths

A ONE WEEK ADD-ON PROGRAMME ON “A Role of Mechatronics in Industrial Applications”

16-09-2019 to 21-09-2019

Organized by
Department of
Mechanical Engineering

ABOUT THE PROGRAMME:

Mechatronics plays a crucial role in industrial applications by integrating mechanical engineering, electronics, computer science, and control engineering to design and create intelligent systems and products. Here are some key roles of Mechatronics in industrial applications. It enables the integration of mechanical, electrical, and computer systems to enhance automation, precision, and overall performance in manufacturing and other industrial processes.

RESOURCE PERSONS

P S K GANESH KUMAR

Associate Professor

PROGRAMME CONTENTS

The curriculum for a program focusing on the role of Mechatronics in industrial applications typically covers a broad range of topics to equip students with the necessary skills and knowledge. Below is an example of program contents that might be included in a Mechatronics program for industrial applications. The combination of theoretical knowledge, hands-on experience, and exposure to industry practices prepares graduates for careers in fields such as automation, robotics, manufacturing, and control systems.

PROGRAM REPORT

Name of the event : Mechatronics in Industrial Application

Organized by : Department of Mechanical Engineering

Dates : 16.09.2019 to 21.09.2019

Number of days : 06

Venue : Seminar Hall, A. M Reddy Memorial College of Engineering & Technology

Resource person : Mr. P S K Ganesh Kumar, Associate professor

Number of participants : 60

Topics covered : Mechatronics in Industrial Application

- Integrative nature of Mechatronics
- Mechatronics systems
- Mechatronics design process
- Sensors and transducers
- Solid state electronic devices
- Hydraulic and pneumatic actuating systems
- Digital electronics and systems
- Digital Signal Processing
- Dynamic models and analogies
- Programmable Logic Controllers

Program outcomes : By the end of the program students will get more knowledge in Mechatronics in Industrials

Feed back : Good

Event coordinator : Mr. Ch. Venkateswara Raju

ABOUT THE PROGRAM:

The aim of the course is to introduce the methodologies and framework of ethical hacking for enhancing the security.

The course includes-Impacts of Hacking; Types of Hackers; Information Security Models, Information Security Program, Business Perspective, Planning a Controlled Attack

Framework of Steps (Reconnaissance, Enumeration, Vulnerability Analysis, Exploitation, Deliverable and Integration)

Program Outcomes :

At the end of the course student will be able to explain the concepts related to hacking, ports and protocols, pen testing and virtualization.

PROGRAM CONTENTS

Introduction to Hacking, virtualization, Introduction and installation of Kali Linux, introduction to Penetration Testing, footprinting, Scanning Techniques, Hacking in to system, Snippint, packet analysis, Session Hijacking, Social engineering, Cryptography, Encryption Techniques, Steganography, Closing Session

QUESTION PAPER

- 1) What kind of malware does not replicate or clone itself through infection? [D ✓]
 - a) Rootkits
 - b) Worms
 - c) Viruses
 - d) Trojans
- 2) The DNS would convert any domain name into: [C ✓]
 - a) Hex
 - b) Binary
 - c) URL
 - d) IP
- 3) The most important step in system hacking is: [B ✓]
 - a) Cracking passwords
 - b) Covering tracks
 - c) Information gathering
 - d) None of the above
- 4) Which of the following describes the different forms of scanning? [B ✓]
 - a) Client, Server, and network
 - b) Network, vulnerability, and port scanning
 - c) Port, network, and services
 - d) None of the above
- 5) Determine the attack type that employs a fake server with a relay address. [D ✓]
 - a) SMB
 - b) NetBIOS
 - c) NTLM
 - d) MITM
- 6) Pick one of the following methods for hiding information inside a picture: [B ✓]
 - a) Image Rendering
 - b) Steganography
 - c) Rootkits
 - d) Bitmapping
- 7) Choose one of the following strategies to prevent browser-based hacking: [A ✓]
 - a) Adware remover in the browser
 - b) Anti-malware in the browser
 - c) Remote browser access
 - d) Incognito mode in the browser
- 8) Which of these is the port number for many web servers, including apache? [A ✓]
 - a) 80
 - b) 20
 - c) 87
 - d) 40
- 9) They are malicious hackers whose primary goal is to commit cybercrimes to make money. Who are "they" in this context? [B ✓]
 - a) White Hat Hackers
 - b) Black Hat Hackers
 - c) Hacktivists
 - d) Gray Hat Hackers
- 10) Any company or organisation's IT security is managed and maintained by [D ✓]
 - a) IT Security Engineer
 - b) Security Auditor
 - c) CEO of the organisation
 - d) Software Security Specialist

ENGINEERING AND TECHNOLOGY
PETLURIVAKI PALEM
Narasaraopet (Mdl), Gunur(Dr)

- 11) What does EDR stand for? [B ✓]
 a) Endless Detection and Response
 b) Endpoint Detection and Response
 c) Endpoint Detection and Recovery
 d) Endless Detection and Recovery
- 12) The _____ of a network is assessed using the response and transit times. [C ✗]
 a) Longevity
 b) Performance
 c) Reliability
 d) Security
- 13) Which of the following statements concerning the firewall is true? [C ✓]
 a) It is a barrier created to stop files from hurting the company.
 b) It is a tool put in place at a business's perimeter to stop uninvited physical entrance.
 c) It is a device placed at an organisation's perimeter to prevent unwanted access.
 d) None of the above
- 14) Which of the following Cyber Security principles limits how privileges are started whenever an object or subject is created? [D ✗]
 a) Open-Design
 b) Fail-safe Defaults
 c) Least privilege
 d) None of the above
- 15) Which of these conferences was the first one for hackers? [A ✓]
 a) DEFCON
 b) OSCON
 c) SECTION
 d) DEVON
- 16) What is changed when cypher algorithms are used? [A ✗]
 a) Scalar test
 b) Plain test
 c) Complex test
 d) None
- 17) What does CHAP stand for? [B ✓]
 a) Circuit Handshake Authentication Protocols
 b) Challenge Handshake Authentication Protocols
 c) Circuit Hardware Authentication Protocols
 d) Challenge Hardware Authentication Protocols
- 18) Which of the following is the least strong security encryption? [C ✓]
 a) WPA
 b) WPA3
 c) WEP
 d) WPA2
- 19) Which of the items listed below is the least strong security protocol? [C ✓]
 a) SFTP
 b) SSL
 c) SMTP
 d) HTTPS
- 20) What is used for encrypting data at the network level? [A ✓]
 a) IPsec
 b) S/MIME
 c) SMTP
 d) HTTPS

CLOSING REPORT

Name of the Event : ETHICAL HACKING

Organized by : Department Of CSE

Dates : 27-01-2020 TO 31-01-2020

Number of days : 05 Days(30 hours)

Venue : (109) Seminar Hall, Main Lab

Resource Person : Mr. Y Kanaka Durga Rao, Assistant Professor, Dept of CSE

Number of participants : 58

Topics covered :

The Aim of The Course Is to Introduce The Methodologies And Framework Of Ethical Hacking For Enhancing The Security. The Course Includes-Introduction to Hacking, virtualization, Introduction and installation of Kali Linux, introduction to Penetration Testing, foot printing, Scanning Techniques, Hacking in to system, Snippint, packet analysis ,Session Hijacking, Social engineering, Cryptography, Encryption Techniques ,Steganography, Closing Session.

Program Outcomes :

At the end of the course student will be able to explain the concepts related to hacking, ports and protocols, pen testing and virtualization.

Feedback : Good

Event coordinator : Mr .V.V.B. Chari, Assistant Professor, Dept of CSE

Respected Sir,

Sub: Request Approval for one Week Certification Program on Hydroponics -Reg,

The Department of Agricultural Engineering is planning to conduct a one week certification program on "Hydroponics" to third B.Tech students on 3/2/2020 to 8/2/2020 that benefits the students for the enhancing their knowledge. The resource person for the certification program is Dr. D. Anand Babu, associate professor. Department of Agricultural Engineering, Am Reddy Memorial College of Engineering and Technology we request you to accord approval and grant the required amount for the smooth conduction of the certification program.

Thanking you sir

Yours Sincerely,

Ashoka NV

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), also known as AM Reddy College, was founded in 2008 by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) under the guidance of Sri. A. SRINIVASA REDDY, the Chairman. Affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE, AM Reddy College is situated amidst picturesque surroundings on a sprawling 10.9425-acre campus, just 3 kilometers away from the Sub-Urban of Narasaraopet. The institution is renowned for its top-notch infrastructure and academic offerings. With a focus on quality, discipline, well-ventilated classrooms, diverse teaching methods, specialized training for campus placements, attentive faculty, dedicated staff, proactive management, tight security, a well-equipped canteen, separate hostel facilities, a fleet of buses, a water treatment plant, a spacious auditorium, and expansive outdoor grounds, the college ensures uninterrupted operations with reliable power backup.

ABOUT THE DEPARTMENT

The Department of Agricultural Engineering in AM Reddy Memorial College of Engineering and Technology is one of the courses offered by the college. It is a four-year full-time undergraduate program recognized by the All India Council for Technical Education (AICTE) and offered by the Jawaharlal Nehru Technological University, Kakinada. The department aims to provide quality education and training in the field of agricultural engineering, which involves the application of engineering principles and techniques to improve the productivity and sustainability of agricultural systems. The department has well-equipped laboratories, workshops, and farms to facilitate practical learning and research. The department also organizes seminars, workshops, field visits, and industrial training for the students to enhance their skills and exposure.

PETLURIVARI PALEM
Narasaraopet (M), Guntur Dt.**

ABOUT THE PROGRAMME:

Embark on a comprehensive Hydroponics Program that guides participants through a structured curriculum covering key aspects of soil-less cultivation. From the foundational principles in the Introduction to Hydroponics and exploration of various hydroponic systems to in-depth discussions on nutrient solutions, plant nutrition, and crop selection, this program provides a holistic understanding. Hands-on experience is gained through activities like hydroponic system setup, while modules on disease and pest management, monitoring, and maintenance ensure practical skills. The program concludes with a focus on harvesting, post-harvest handling, and a glimpse into hydroponic research and future trends. Participants culminate their learning with a final assessment, earning a certification that validates their expertise in the dynamic field of hydroponics

RESOURCE PERSON

Dr. D. Anand Babu

Associate professor
Department of Agricultural Engineering

PROGRAMME CONTENTS

- Fundamentals of Hydroponics
- Hydroponic System Types
- Nutrient Management
- Crop Selection and Maintenance
- Practical Application and Future Trend
- Waste-to-Energy Project Presentation

PROGRAM REPORT

Date: 10-02-2020

Name of the event : A One-Week Certification Program on Hydroponics

Organized by : Department of agricultural engineering

Dates : 3/2/2020 to 8/2/2020

Number of days : 06

Venue : Seminar hall

Resource person : Dr.D. Anand Babu, Associate professor

Number of participants : 55

Topics covered : Introduction of hydroponics

- Fundamentals of Hydroponics
- Hydroponic System Types
- Nutrient Management
- Crop Selection and Maintenance
- Practical Application and Future Trends

Program outcomes : After completing the Hydroponics Program, students will possess a comprehensive understanding of soil-less cultivation, adeptly applying diverse hydroponic systems and nutrient management strategies. Armed with practical skills in crop selection, maintenance, and insights into future trends, graduates are certified to navigate and excel in the dynamic world of hydroponics.

(A ONE-WEEK CERTIFICATION PROGRAM ON "HYDROPONICS") Feedback Survey

We appreciate your participation in our Add-on Program. Your feedback will help us enhance and customize future programs to suit your needs better. Please spare a few minutes to share your opinions with us.

Personal Details:

1. Name (Optional): K. Himabindu
2. Department: Agricultural Engineering
3. Year of Study: III - I

Program Assessment:

1. How satisfied are you with the overall quality of the Add-on Program?
 Very Satisfied Satisfied Neutral Dissatisfied

2. How relevant was the program content to your area of study?
 Highly Relevant Relevant Somewhat Relevant Not Relevant

3. How well did the program meet your expectations?
 Very good Expectations Good Expectations
 Average Expectations Bad Expectations

4. How effective was the facilitator or instructor in delivering the program?
 Excellent Good Average Poor

5. How clear and understandable were the facilitator's explanations?
 Excellent Good Average Poor

6. How well organized and managed was the program?
 Excellent Good Average Poor

7. How likely are you to recommend this program to your peers?
 Excellent Good Average Poor

Any Other Comments: Thanks for conducting this program, we need more explanations.

About the college:

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee.

About the department

The Department of Electronics Communication and Engineering (ECE) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of Electronics. The constantly changing dynamics of this Engineering stream poses challenges to students. to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India.

The department currently offers 4 year Undergraduate Programs in Electronics Communication and Engineering.

Introduction:

Objectives:

- To learn the fundamentals of Microcontroller programming
- To To Over view of Microcontroller
- improve employability skills of engineering students
- To bridge the skill gaps and make the students industry ready..

Outcomes:

- Use microcontroller programming effectively to different applications
- Apply numeric techniques and computer simulations to solve engineering-related problems..
- Microcontroller programming use RTOS applications

Course content:

This document provides the software-centric information required for designing and developing system software and applications for the Xilinx
Hardware Architecture Overvie
.Linux Software Development using Yocto

Resource persons:

K.BHASKARA RAO M.Tech
Assistant Professor
Department of ECE

CR Engineering College, Chilakaluripet
Eligibility:

Faculty and students from AICTE approved Engineering colleges and Polytechnics & also participants from industries and R&D organizations.

Accommodation:

Accommodation will be provided for external participants in the college premises at student's hostel on demand.

Registration fee: Free

Scheduled date:

Last date for receipt of application: 06-02-2020

Intimation of selection by email: 08-02-2020

Confirmation by participants: 09-02-2020

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

ABOUT THE DEPARTMENT

Civil Engineering is rightly considered the most versatile amongst all engineering branches. It is the branch with a lot of diversity right from Surveying, Geo-technology to Structural Engineering, Environmental Sciences to Hydraulics, and Transportation to Hydrology. Civil Engineering can be considered as the single largest core engineering branch.

The department's vision is to give an exposure to budding civil technocrats to various challenges in the profession having a highly qualified and experienced faculty with excellent academic record. There is a wonderful combination of academic excellence and industrial experience amongst the faculty, which is instrumental in imparting the right blend of theoretical and practical knowledge to the students.

ABOUT THE PROGRAMME:

The aim of the Autodesk Revit allows architects, engineers, and construction professionals to: Model shapes, structures, and systems in 3D with parametric accuracy, precision, and ease.

Auto Desk Revit Software includes Multi-discipline toolsets in Revit

- Architectural design. Conceptual design tools/
- Structural engineering and fabrication. NEW.
- MEP engineering and fabrication. NEW
- Construction. Construction modeling.

RESOURCE PERSON

Samba Siva Rao Garu

Asst Professor

PROGRAMME CONTENTS

- ❖ Introduction to Autodesk rivet.
- ❖ Getting start with rivet.
- ❖ Quick start.
- ❖ Running rivet analysis.
- ❖ Using analysis data.
- ❖ Standard rivet analysis.
- ❖ How to rivet works.
- ❖ The science and art of physically valid MC analysis.
- ❖ Projections.
- ❖ Analyses.

PROGRAM REPORT

Name of the Event : Auto Desk Revit Software
Organized by : Department Of CE
Dates : 24-02-2020 to 29-02-2020
Number of days : 06
Venue : Seminar Hall
Resource Person : S .Sambasiva Rao
Number of participants : 67
Topics covered :

1. Introduction
2. Running Rivet analyses
3. Standard Rivet analyses
4. How Rivet works
5. Analyses
6. Histogramming

Program Outcomes :

- Set up levels, grids & views.
- Manage the construction documentation.
- Scan revit models for collisions.
- Perform building element energy analysis.

Feedback : Good

Event coordinator : K. Sreekar Chand, Assistant Professor, Dept of Civil Engineering

Feedback

We appreciate your participation in our Add-on Program. Your feedback will help us enhance and customize future programs to suit your needs better. Please spare a few minutes to share your opinions with us.

Personal Details:

1. Name (Optional): -----
2. Department: ----- *civil* -----
3. Year of Study: ----- *2019-2020* -----

Program Assessment:

1. How satisfied are you with the overall quality of the Add-on Program?
 Very Satisfied Satisfied Neutral Dissatisfied
2. How relevant was the program content to your area of study?
 Highly Relevant Relevant Somewhat Relevant Not Relevant
3. How well did the program meet your expectations?
 Very good Expectations Good Expectations
 Average Expectations Bad Expectations
4. How effective was the facilitator or instructor in delivering the program?
 Excellent Good Average Poor
5. How clear and understandable were the facilitator's explanations?
 Excellent Good Average Poor
6. How well organized and managed was the program?
 Excellent Good Average Poor
7. How likely are you to recommend this program to your peers?
 Excellent Good Average Poor

Any Other Comments: It is useful to my career

ABOUT THE COLLEGE

A.M. Reddy Memorial College of Engineering and Technology (AMRN), popularly known as AM Reddy College was established in the year 2008, by A.M. REDDY EDUCATIONAL SOCIETY in Petlurivaripalem, Narasaraopet, Palnadu (Dt.) by Sri. A. SRINIVASA REDDY, the Chairman. AM Reddy College is affiliated to Jawaharlal Nehru Technological University Kakinada and approved by AICTE. AM Reddy College is located little far from the hustle and bustle of the city life in a scenic and serene environment spread over an extensive 10.9425 acres amidst the lush fields just 3 kms away from Sub-Urban of Narasaraopet. The institute has set a benchmark in providing its students the very best in terms of infrastructure and academic services. The college meticulously implements quality policy, absolute discipline, well ventilated classrooms, multimodal teaching methodology, additional trainings for campus placements, caring teachers, committed staff, proactive managing committee, vigilant security, a dedicated canteen, separate hostel facilities for boys and girls, a fleet of buses, a mineral water plant, spacious auditorium, and outdoor grounds, and all supported with uninterrupted power backup.

ABOUT THE DEPARTMENT

The Department of Mechanical Engineering (ME) was established in 2008 Ever since its inception, the department has been a pioneering academic centre for higher education, research, and innovation in key areas of computer science. The constantly changing dynamics of this Engineering stream poses challenges to students to stay updated with the latest developments. Our qualified faculty and advanced labs ensure that our students are well prepared to take on these challenges. The department attracts talented students from all over India. All graduates of ME find excellent placements in research-oriented industries and top ranking MNC's.

The department currently offers 4 year Under Graduate Programs in Mechanical Engineering branch.

The objective of our department is to develop students for immediate employment and strong foundation that prepares them for leadership roles along with diverse career paths.

A ONE WEEK ADD-ON PROGRAMME ON “A Role of Industrial Robotics in Automation”

24-02-2020 to 29-02-2020

Organized by

**Department of
Mechanical Engineering**

ABOUT THE PROGRAMME:

Industrial robotics plays a pivotal role in automation, revolutionizing various industries by introducing efficiency, precision, and flexibility into manufacturing processes. Here are key aspects of the role of industrial robotics in automation. This parallel growth of industrial automation and robotics has continued with the advent of artificial intelligence, machine learning and robot vision. Today, it is not just manufacturing that can be automated but also programming and process organization, leaving people free to focus on adding value through improved product designs.

RESOURCE PERSONS

P SUDHEER KUMAR
Assistant Professor

PROGRAMME CONTENTS

- Automation and robotics
 - Cad/ cam and robotics
 - Components of the industrial robotics
 - Motion analysis
 - Differential transformation and manipulators,
 - Robot programming,
 - Trajectory planning and avoidance of obstacles
 - Robot actuators and feedback components
- Robot applications in manufacturing

PROGRAM REPORT

Name of the event	: A Role of Industrial Robotics in Automation
Organized by	: Department of Mechanical Engineering
Dates	: 24.02.2020 to 29.02.2020
Number of days	: 06
Venue	: Room No:304, A. M Reddy Memorial College of Engineering & Technology
Resource person	: Mr. P Sudheer, Assistant professor
Number of participants	: 60
Topics covered	: Industrial Robotics in Automation <ul style="list-style-type: none">➤ Automation and robotics➤ Cad/cam and robotics➤ Components of the industrial robotics➤ Motion analysis➤ Differential transformation and manipulators,➤ Robot programming,➤ Trajectory planning and avoidance of obstacles➤ Robot actuators and feedback components➤ Robot applications in manufacturing
Program outcomes	: By the end of the program students will acquire knowledge and interact with the future scope in Robotics and Automation.
Feed back	: Good
Event coordinator	: Mr. P. Narasimha Rao

DEPARTMENT OF MECHANICAL ENGINEERING
A ONE WEEK CERTIFICATE PROGRAM ON "INDUSTRIAL ROBOTICS IN
AUTOMATION"

Feedback Survey

We appreciate your participation A One week certificate program Your feedback will help us enhance and customize future programs to suit your needs better. Please spare a few minutes to share your opinions with us.

Personal Details:

1. Name (Optional): -----
2. Department: Mechanical
3. Year of Study: III and IV

Program Assessment:

1. How satisfied are you with the overall quality of the Add-on Program?
 Very Satisfied Satisfied Neutral Dissatisfied
2. How relevant was the program content to your area of study?
 Highly Relevant Relevant Somewhat Relevant Not Relevant
3. How well did the program meet your expectations?
 Very good Expectations Good Expectations
 Average Expectations Bad Expectations
4. How effective was the facilitator or instructor in delivering the program?
 Excellent Good Average Poor
5. How clear and understandable were the facilitator's explanations?
 Excellent Good Average Poor
6. How well organized and managed was the program?
 Excellent Good Average Poor
7. How likely are you to recommend this program to your peers?
 Excellent Good Average Poor

Any Other Comments: Try give snacks in break time
