E-GOVERNANCE POLICY

A M Reddy Memorial College of Engineering & Technology has implemented e- governance to improve good governance through stakeholder participation, transparency, and accountability. The AMRN Engineering College provides a number of advantages to its stakeholders. - administration employ information and communication technology (ICT) to assist administrators in processing data and making decisions. E-Services provide wide range of service options. Governance must be participatory, accountable, and transparent for the system to function properly. E- Governance can help to improve transparency. Participation, information dissemination, administrative efficiency, and public services in all aspects of education.

OBJECTIVES:

- Implementing e- governance in various aspects of the institution
- Improving the efficiency of our operation.
- Promoting transparency and accountability
- Achieving paperless institution administration.
- Facilitating online internal and external communication among the institutions various entities.
- Make information readily available.
- Making the institution visible globally.

POLICY:

- E-Governance is utilized in the following areas to provide a sample and efficient governance
- Structure within the institution:
- To Produce Quality Engineering Graduates found to be resourceful and innovative in approach
- With readiness to shoulder challenging assignments in academics with research inculcation

- For the convenience of usages, the approach separated into distinct service areas. These operating areas are illustrative, and the organization reserves the ability to implement-governance areas not specifically mentioned here.

WEBSITE:

The college's website should be updated with the most recent information. The website will act as reflection of the college's operations, informing visitors about all activities, important updates, and others pertinent information. This will be handled by a different service provider/web designer, determined by the principal. Furthermore, existing employees should be trained and college-level personal in charge of website management and upkeep should be identified

STUDENT ADMISSIONS:

Admission policy is made by the APSCHE

70% of the admissions are filled by convenor; APEAMCET and the remaining 30% quota of management are filled by the institution in more transparent way specified under:

- Ample publicity is given to students, calling for applications from all the aspiring
- Admission process is automated partially and is completed as per schedule.

ACCOUNTS:

The e-governance can help the accounts department to record and preserve the details like repayments, cash on hand, expenditure report, tracking payments etc.

In additional to the above, ECAP can be used for fee records and hostel details.

ADMINISTRATION DETAILS:

The ECAP allows for easy recording and maintenance of details like preparation of academic calendar section division, creating e certificates, maintaining dairy, fee type, creating user log for students and faculty etc.

LIBRARY:

- The library has a collection of good number of books meeting the requirement of students and faculty. New titles and volumes of text books are added every year continuously by allocating required budget to procure books and journals.
